INTRODUCTION

This document is designed to be a reference tool for legislators interested in putting the state's revenue and budget picture into historical perspective. Twenty years or more of data on major state taxes and some of the basic expenditure items most often asked for by state legislators is provided. Similar information is included for municipal finances. A section covering a number of important issues and major state and municipal programs or funds of interest to legislators is also provided. In the last section selected economic data for the state is presented.

The information presented here is compiled from many authoritative sources which are noted at the end of each document. In some cases the data is taken directly from the source, while in other cases adjustments are made to provide consistency among data elements. Where these adjustments are made, descriptive footnotes are included. Differences between figures provided in this edition and previous ones are generally due to revised data becoming available.

Any comments or questions concerning the information contained in this book, the method of presentation, or suggestions for additional topics would be welcomed by: The Revenue Section, Office of Fiscal Analysis, Legislative Office Building, Hartford, Connecticut, 06106 (telephone: (203) 240-0200).

Source: Annual Report of the Comptroller, various years.

- [1] From FY 69 to FY 74 Public Service Taxes went into the Public Service Tax Sinking Fund rather than the General Fund. To nake the data comparable, the tax was added to Total General Fund Revenues for these years.
- [2] From FY 75 to FY 83 the Transportation Fund was included in the General Fund. To make the data comparable, Motor Fuels Tax was eliminated from Total Taxes and revenues later transferred to the Transportation Fund were removed from Total General Fund Revenues for these years. Other tables in this book include Motor Fuels Tax in Total Taxes and thus are not comparable with the figures appearing here.
- [3] From FY 78 to FY 83 betting taxes are included with Special Revenue Tr[Bsfers in the "Other Revenues" portion of the Comptroller's Statement.
- [4] To make the data comparable, Refunds of Taxes were added to Total General Fund Revenues for FY 86 and subsequent years.
- [5] Beginning in FY 92 Total General Fund Revenues include Economic Recovery Fund payments and the subtraction of payments made by the Department of Income Maintenance to the Department of Mental Health to cover low income disproportionate share costs in state institutions.

General Fund Revenue Increases and Decreases

The following two sections list General Fund revenue increases and decreases enacted since FY 72. If the full effect of the revenue change does not occur in the first year, an estimate for the portion of the revenue impact occurring in the second year is also given. Further information about these items appears in the annual report of the Office of Fiscal Analysis for the appropriate year.

Only estimated gains or losses above \$100,000 are included here. Items which affect revenue collections for only one year are noted below the dollar estimate.

The revenue estimates below indicate the amount of additional revenue raised by tax changes in each fiscal year.

FY 71-72	
Capital Gains and Dividends Tax	
- New tax of 6% on Capital Gains and Dividends was established	54.0
· · · · · · · · · · · · · · · · · · ·	• 110
Cigarette Tax	
- Tax was increased from 16 to 21 cents per pack	40.5
- 1dx was increased from 10 to 21 cents per pack	12.5
Makan Dari m	
Motor Fuels Tax	
- Tax was increased from 8 to 10 cents per gallon (eff 9/1/91) (10 mo)	22.3

CORPORATION BUSINESS TAX

Rate & Basis - Corporations are subject to tax on income derived from in-state sources. Tax liability is calculated as the greatest of:

1. Net Income Base: 11.5% of net income apportioned to Connecticut for income years beginning prior to 1/1/95. The rates for subsequent income years are as follows (PA 93-74):

Effective for income years	
<pre>beginning on or after:</pre>	Tax Rate
January 1, 1995	11.25%
January 1, 1996	11.00%
January 1, 1997	10.50%
January 1, 1998	10.00%

All business income is apportioned by a three factor formula which compares sales, compensation and tangible property in Connecticut to the nation. (Note: Corporations can no longer deduct income taxes paid to other states). The sales factor is given a double weight (CGS 12-214 and 12-218). Thirty percent of dividends received from companies in which ownership is less than 20% must be included in income. If the corporation is a domestic insurance company, net income is apportioned on the basis of gross direct premiums from Connecticut to total gross direct premiums. Further adjustments are made if more than 50% of gross premiums are reinsurance premiums. The unpaid loss reserve adjustment required by the federal code for non-life insurance companies shall not be deducted from gross income, effective with the 1993 income year (PA 93-74).

2. Capital Base: 0.31% of the average value of capital stock and surplus reserves; or if a bank or other financial institution, 4% of interest and dividends credited to accounts (CGS Sec. 12-219a). Corporations doing business in more than one state must use a two factor formula which measures the average monthly value of intangible and tangible assets located in Connecticut as compared to the nation to apportion their asset base (CGS 12-219a). The maximum tax liability under this base is \$1 million for all corporations; and, effective 1/1/91, \$50,000 for Real Estate Investment Trusts or Regulated Investment Companies.

Corporations filing combined returns will not be entitled to the first \$25,000 of tax savings over what they would have paid if they filed separately.

3. Minimum Tax: Two hundred fifty dollars.

CORPORATION TAX CREDITS

Connecticut offers ten different tax credits to Corporation Business Tax payers. The table below indicates the number of returns claiming a particular tax credit and the total dollar amount claimed.

TOTAL

ACCELERATED COST RECOVERY SYSTEM AND THE CONNECTICUT CORPORATION

The legislature, during the 1985 session, modified the decoupling provision by limiting a firms depreciation deduction to 88% of their federal depreciation for their 1985 income year. The full deduction was delayed one year until income year 1986 and thereafter (PA 85-159). The portion of federal depreciation that a firm may take is as follows:

Corporate Income Year	Federal Depreciation Allowed
1981	96%
1982	91
1983	84
1984	77
1985	88
1986 and thereafter	100

In 1981, Congress adopted the Accelerated Cost Recovery System (ACRS) for firms to use in calculating depreciation. Connecticut corporation tax statutes at that time followed the federal practice. Since the effect of ACRS was to reduce the net income of firms, corporation tax receipts to the State would drop. In order to postpone this expected decrease in State corporate tax revenues, the legislature passed PA 81-7 during the November Special Session to decouple from ACRS. Decoupling was the term used to denote that Connecticut corporation tax law was changed to eliminate the statutory references which tied Connecticut law to federal law with regard to depreciation.

The act had two major provisions, decoupling and recapture. The first provision, decoupling, limited the amount of depreciation that a firm could take by providing them with two alternative options as shown below:

 The first option limited the amount of depreciation that a firm could take to a percentage of federal depreciation as follows:

Corporate Income Year	Federal Depreciation Allowed		
1981	96%		
1982	91		
198 3	84		
1984	77		
1985	100		

The percentages of federal depreciation allowed were selected based on data which indicated that the revenue loss associated with ACRS would be eliminated.

2. Under the second option firms could elect to take deductions based upon the federal depreciation schedule available prior to January 1, 1981 (that is, prior to ACRS).

Recapture, the second major provision, recognized that decoupling prevented corporations from fully depreciating their assets for state tax purposes. In order to allow full depreciation to occur, a section was included to allow for recapture. Beginning with the 1984 income year, firms would recapture 20% of their depreciation which had been disallowed in the 1981 income year. In the 1985 income year, firms would recapture 20% of their depreciation which had been disallowed in the 1981 and 1982 income years. Recapture would continue until the 1991 income year when firms would recapture the last 20% of their depreciation which had been disallowed during the 1984 income year.

Connecticut Succession (Inheritance) Tax

Connecticut's death tax is a progressive tax which starts at 4.3 percent and increases to 20 percent. The Succession and Transfer Tax rates appear by class on the next page.

The tax is based upon an heir or beneficiary's "privilege" to receive property. The following tax rates and exemption amounts are based on the relationship of the beneficiary to the decedent:

Class	Description	Exemption		
A .	Parents, grandparents, adoptive parents and any natural or adoptive descendants	50,000		
В	Husband or wife or widower or widow who has not remarried or any natural or adopted child, stepchild, brother or sister or any natural or adopted descendant of such brother or sister	6,000		
c	All others	1,000		

In general, the closer the relationship (estate passes from parent to child) the larger the exemption and the lower the tax rate, the further the relationship (estate passes from decedent to a friend) the smaller the exemption and the greater the tax rate.

Connecticut, as part of its death tax, also has an estate tax (Sec. 12-391 C.G.S.) sometimes known as the federal pick-up. (This should not be confused with the estate income tax which is described elsewhere.) The purpose of this tax is to insure that state death taxes are large enough to absorb the maximum credit amount available under the federal estate tax. Therefore the estate tax applies in only those circumstances when the state succession tax is not large enough to absorb the full credit available under federal law against federal estate taxes.

The estate tax applies to only a small percentage of large estates in Connecticut because items that are taxed by the federal government are not taxed in Connecticut.

The starting point in determining estate tax liability begins with a definition of what property is subject to estate taxation. The state and federal governments include basically the same items in determining gross taxable estate with two major exceptions. First Connecticut law does not consider life insurance a taxable transfer (C.G.S. 12-342). Therefore life insurance is not subject to state succession taxes. The federal government taxes life insurance in its entirety. Second, individual retirement accounts (IRAs) and Keogh plans are subject to state succession taxes (C.G.S. 12-349). The Federal government exempts IRAs and Keogh plans from estate taxation. It is essentially these differences that trigger the Connecticut estate tax. It should be emphasized that the estate tax never results in a taxpayer having to pay additional state estate taxes. Its function is simply to divert revenue to the state that otherwise would have gone to the federal government.

Estate Income Tax

Connecticut's Estate Income Tax (C.G.S. 12-405a) is levied at a rate of 10% on resident and non-resident estates with taxable incomes in excess of \$20,000, for income years beginning prior to January 1, 1991 (PA 91-3 JSS). Income years beginning after this date are subject to the Connecticut Personal Income Tax.

Estate taxable income for Connecticut is the same as it is for the federal government (as reported on line 25 of IRS form 1041). Under federal law, interest on bonds, Treasury notes and other obligations of the United States are exempt. Connecticut law also exempts capital gains and losses and interest on sales or redemption of notes, bonds or other obligations of the State of Connecticut or its political subdivisions.

PERSONAL INCOME TAX

Rate & Basis

The tax is imposed on income of individuals, trusts and estates derived from in-state sources, at the rate of 1.5% for 1991 income years and 4.5% for 1992 and all subsequent income years (PA 91-3 JSS).

The tax is levied on Connecticut adjusted gross income (AGI) which is defined as adjusted gross income for federal income tax purposes subject to certain additions and deletions. Additions include interest and dividends from obligations (such as bonds) from other states, or subdivisions of other states, unless federal law requires them to be exempt from state income taxes. The deletions include (1) any income included in adjusted gross income that federal law exempts from state taxation, (2) the amount of refunds or credits for overpayments of income tax, (3) exempt dividends paid by a regulated investment company, and (4) tier one railroad retirement benefits.

Special rules are established for determining whether the income of a nonresident or a part-year resident individual, a partner's distributive share of partnership income, a shareholder's pro rata share of S corporation income and a beneficiary's share of trust or estate income is derived from sources within the state and how income gains, loss, and deductions are allocated.

The tax imposed on income earned by resident and nonresident trusts and estates is similar to the one applied to individuals except that the trusts and estates do not receive the exemptions and credits that individuals receive. The tax must be paid by the fiduciary. Special rules are established for determining what income is derived from sources within the state for nonresident and part-year resident estates, trusts and beneficiaries and how income, gains, loss and deductions are allocated.

Exemptions

An unmarried person or a married person filing separately is entitled to a personal exemption of \$12,000. Beginning at an AGI of \$24,000, the exemption decreases by \$1000 for each \$1000 increase in AGI. There is no exemption if the taxpayer earns more than \$35,000. A low income credit is also provided as follows:

Connecticut AGI	Tax Credit
Below \$12,000	100%
Over \$12,000 but below \$15,000	75%
Over \$15,000 but below \$20,000	35%
Over \$20,000 but below \$25,000	15∜
Over \$25,000 but below \$48,000	10%

The exemption for head of household is \$19,000. Beginning at an AGI of \$38,000, the exemption decreases by \$1000 for each \$1000 increase in AGI. There is no exemption if the taxpayer earns more than \$56,000. A low income credit is provided as follows:

Connecticut AGI	Tax Credit
Below \$19,000	100%
Over \$19,000 but below \$24,000	75%
Over \$24,000 but below \$34,000	35%
Over \$34,000 but below \$44,000	15%
Over \$44,000 but below \$74,000	10%

The exemption for married couples filing jointly is \$24,000. Beginning at an AGI of \$48,000, the exemption decreases by \$1000 for each \$1000 increase in AGI. There is no exemption if the couple earns more than \$71,000. A low income credit is provided as follows:

	Connecticut AGI	.	Tax Credit
	Below \$24,000	·	100%
	Over \$24,000 but be	elow \$30 000	75%
	Over \$30,000 but be	low \$40,000	75% 35%
	Over \$40,000 but be	10w \$50 000	
-	Over \$50,000 but be	10w \$96 000	15%
	I wo pood but be	***** 430,000	10%

Taxpayers receive a tax credit for income taxes paid in another state or Canada.

Entities subject to the state Corporation Tax are exempt from the state Personal Income Tax. Entities which are exempt from federal income tax are exempt from the state Income Tax except with respect to unrelated business income.

Payment

Employers are required to withhold taxes from wages based on the employee's estimated tax liability for the income year.

Taxpayers with taxable income from which no withholding has been made, must make quarterly estimated payments if their liability on the nonwithheld income is expected to exceed \$200 (PA 92-17 MSS). To avoid penalty, the taxpayer must pay as follows (PA 92-17 MSS):

Estimated Payment	
No. Due 1st 4/15 2nd 6/15 3rd 9/15 4th 1/15	Pay the lesser of: 22.5% of current year or 30% of last year's liability 45% of current year or 55% of last year's liability 67.5% of current year or 80% of last year's liability 90% of current year or 100% of last year's liability

An income tax return must be filed by the 15th day of the fourth month following the close of the taxpayer's taxable year. The tax due must be paid by that date whether or not a filing extension has been granted. S corporations and partnerships must file composite returns and make composite returns and make composite tax payments on behalf of some or all of their nonresident shareholders and partners.

The interest rate for taxpayers is 1.25% per month on the unpaid tax. Penalty is 10% of the required payment. There are also penalties for failing to collect the tax and understating wages, and criminal penalties for failure to keep records or keeping fraudulent records.

Petroleum Companies Tax Collections and Growth Rates FY 81 - FY 93

^[1] The tax on regulated and nonregulated telecommunications service was repealed 1/1/90.

Source: Comparative Statement of State Tax Revenue in Connecticut, Department of Revenue Services, various years

^[1] The 5% tax on water companies is only levied on water companies as defined under DPUC regulations issued 7/1/84.

^[2] The tax on sales of gas or electricity to residential customers is reduced from 5% to 4%.
[3] The tax rate on interstate firms is reduced to 6.5% and applies to revenues from services: (1) rendered entirely in Connecticut and; (2) which originated or terminate in Connecticut and are billed to Connecticut. Intrastate firms must pay one-third of their annual tax as a grant to towns. The grant amount is based upon the number of access lines in each town to the total number statewide.

- [1] The total revenue increase for the utility resulting from the rate decision.
- [2] The CL&P and HELCO rate increases are surcharges resulting from a court case.
- [3] HELCO merged with CL&P.
- [4] CL&P and UI requested that the DPUC decrease its rates to reflect the decrease in the gross earnings tax authorized under PA 85-159. This act reduced the tax on sales of gas or electricity to residential customers from 5 percent to 4 percent (effective 10/1/85).
- [5] Electric: Fuel adjustment revenues of \$103.8 million are folded into base rates and $\frac{530}{530}$ million from ratepayer fund to be refunded to customers during $\frac{7}{187-12/3/87}$. Gas: Reduction of gas revenues of \$1.8 million.
- [6] a) No general rate proceeding since 12/84.
 - b) In 1986 a fuel adjustment totaling \$66.4 million is reflected as a credit on customer's bills. The credit reflects declining fossil fuel costs since the base period.
- [7] Rate credits to consumers over the period 7/87-12/88: \$23 million; reduced toll rates over the period 7/87-12/88: \$31.5 million.
- [8] Electric: Fuel adjustment revenues of \$42.29 million are folded into base rates and a one-time \$10 million credit is issued to all electric customers. Deferred return on Millstone 3 reduced by \$54.14 million. Gas: A one-time \$10.35 million credit issued to gas customer firms.
- [9] UI is permitted to phase in the \$640 million investment in Seabrook I over 5 years according to the following schedule:

		(\$ Million)
Effective date:	August 23, 1989	48.2
	January 1, 1990	275.2
	January 1, 1991	68.3
•	January 1, 1992	5.1
· · · · · ·	January 1, 1993	174.8
	January 1, 1994	68.4

- [10] Temporary surcharge to be collected only until permanent new rate approved.
- [11] Temporary surcharge of 12.8% to be collected from 3/20/91 to 7/21/91 pending final decision on new rate structures.

Gambling Activities: Division of Special Revenue

The State's gambling activities are organized into four general areas: racing, off-track betting, lottery and charitable gaming.

Racing - This area includes horse racing, dog racing and the game of jai alai. Currently, only dog racing and jai alai are operated in the state. Pursuant to PA 93-322, beginning in FY 94 the state imposes a tax of between 2% to 4% on the gross amount wagered at each jai alai facility and Plainfield Greyhound Park, and a tax of 2% at Bridgeport Dog Track (when completed, early 1995). Prior to FY 94 the state imposed tax rates on the gross amount wagered at each facility as follows: dog racing, 7.25%; jai alai, 6.75%; horse racing, from 3.25% to 8.754% depending on the total amount wagered.

In addition, a tax equal to one-half of the breakage to the dime is imposed on each facility. Breakage results from rounding the payoffs to the lower dime. The state makes also makes payments to the hosting towns of each facility from the tax revenue it collects. Towns with populations in excess of 50,000 receive an amount equal to 1% of the gross amount wagered at the facility, and towns with populations under 50,000 receive 0.5% (the town of Plainfield receives .8% and NE Econ. Alliance Inc. .2%). The remaining tax revenue is transferred to the General Fund (C.G.S. Sec. 12-573a).

Off-Track Betting — Pursuant to PA 93-322, on July 1, 1993 the state sold the right to operate the off-track betting system to Autotote Inc. for \$20 million. The off-track betting system includes the right to operate eighteen facilities within the state (of which four located in Bridgeport, New Haven, Plainfield, and Windsor Locks may have simulcasting theaters) and a telephone betting system. In connection with the sale, PA 93-322 imposed a tax on the gross amount wagered of 3.5%, in which the state retains 2.5% and the municipalities where the facilities are located receive the other 1%.

Prior to July 1, 1993 the state operated the off-track betting system which included 9 branch facilities; a telephone betting system, the New Haven Teletrack, and the Bradley Teletheater located in Windsor Locks. From the gross amount vagered, the state retained 17% on regular wagering (win, place, show); 19% on certain multiple form of wagering (daily, doubles, exactas and quinellas); and 25% on the more "exotic" form of wagering (wagering on three or more animals in the same race or in two or more races). The Division of Special Revenue annually made transfers to the General Fund all of funds retained net of operating expenses. Towns in which off-track betting parlors were located received 1% of the gross handle wagered at the facility.

Lottery - In 1972, the State introduced a weekly lottery which brought in over \$10 million in revenue until it was eliminated in 1985. With the introduction of the instant lottery, funds derived from the sale of Instant Lottery tickets for FY 1976 and FY 1977 were distributed to towns for the Educational Equalization Grant. Therefore of the \$18.6 million received in FY 1976 from the Instant Lottery \$7.4 million was paid out to towns and did not go into the General Fund. Approximately \$10 million of the total \$11 million received in FY 1977 was paid out to towns and did not go into the General Fund.

Beginning with FY 1978 proceeds from the Instant Lottery were deposited into the General Fund. Presently, the state conducts four different lottery games: instant, daily numbers, Lotto, and Cash Lotto. Approximately 52% of the gross sales of each game is paid as prize money to winning ticketholders, 41% is transferred to the general fund, and the remaining 7% is used for lottery expenses.

Lotto is similar to Bingo: six numbers are selected by the player from a field of forty-four. Two games are played each week and winners share a pari-mutuel pool. (C.G.S. Sec. 12-568 to 12-570) Cash Lotto, Connecticut's newest game, is simular to Lotto but is played only once a week and winners matching 3 to 5 numbers(field of forty numbers) receive a lump sum prize from \$10 to \$100,000.

Charitable Games - This area includes bingos, bazaars, raffles and games of chance. All organizations conducting bingo are subject to a 5% tax on their gross receipts from bingo less prizes. The State, from the money it collects from bingo makes payments to municipalities in which bingo games are conducted. The payment is equal to one-quarter of one percent of the total money wagered less prizes within the town. The remainder of the tax revenue is transferred to the General Fund. Organizations authorized to sell sealed tickets (similar to the State's instant lottery tickets) must pay to the State an amount equal to 10% of their resale value. (C.G.S. Sec. 7-169 to 7-186p)

Note on audits:

The Division of Special Revenue audits "non" state-owned facilities only (i.e., Plainfield dog track and Jai-Alai Frontons).

The State's auditors audit OTB and the Division itself each 2 years (Including lotteries).
 However certain segments of OTB are audited on an ongoing basis to facilitate the more detailed audit every 2 years.

GAMBLING REVENUES

Fis cal	Amount	Yearly	Base/Rete
Year	(\$000)	* Change	Changes
1972	8,150	· · · · <u>-</u>	Washing Saharan and Assessan
1973	16,500	102.5	Weakly lottery established.
1974	16,000	(3.0)	
1975	15,000	(6.3)	
1976	30,034	100.2	Instant lottery added to fund education equalization grants
1977	46,530	54.9	1) Daily lottery game established and mandated that \$1 million be
			allocated to the Department of Social Services for an Emergency Food Relief Program for persons eligible under AFDC (The \$1 million allocation was repealed by PA 77-3 and FA 77-517).
• •			2) Jai Alai and dog racing added.
1978	72,243	55.3	1) Off-track betting added: tax of 17% on feature bets, 25% on exctics.
			2) Rates on Jai Alai and dog racing handles increased:
			a) Tax rate on Jai Alai increases to 6.75% from 5.25%.
			b) Tax rate on dog racing is changed from a graduated schedule
	· · · · · · · · · · · · · · · · · · ·		(ranging from 5.75% to 8.25%) to a flat rate of 8%,
* * * * * * * * * * * * * * * * * * * *	. ,		c) The percentage that hosting towns receive increases to: 1) 1%
			from .25% for towns with population of 50,000 and over and 2) .5% from .25% for towns with population under 50,000.
			d) Take-out percentage (amount not returned to bettors) increases to 18% from 17%.
		•	3) Instant lottery proceeds are directed into the General Fund. (The direct tie-in of instant lottery proceeds with the educational
			equalization grant is removed and proceeds from the instant lottery go into the General Fund (as do all other gaming revenues). A General Fund appropriation of a like amount is made for the equalization
:			grant.
1979	72,831	0.8	The Commission on Special Revenue is given statutory power to collect delinquent accounts of lottery agents. A 10t penalty on the delinquent amount is provided as well as an interest rate charge of
1980	88,260	21.8	1% per month on the delinquent amount until paid.
1981	91,177	3.3	
1982	112,849	23.8	1) Sundays are included in the meeting dates for racing and Jai Alai
			(with approval of legislative body of towns). Facilities can open no more than six days per week.
•			2) An accounting change results in direct operating expenses within
			the Personal Services, Other Expenses, and Equipment accounts within the Daily and Instant Lottery funds being paid with General Funds
			appropriations. Direct operating expenses from the OTB fund will also be paid with General Fund appropriations (effective 1/1/81).
1983	122,492	8.6	1) The takeout on feature bets at OTB is increased to 19% from 17%.
		•	2) The tax on dog racing increased to 8.25% from 8%, with the .25%
		• •	going to the dog owners.
	•	. ·	3) Interest from late payments from lottery agents and other gaming licenses is increased to 1.5% per month from 1.25% per month. A minimum fee of \$10 is also established.
		· .	4) Licensing and registration fees administered by the Division are increased.
			5) The game of Lotto is added as a state lottery beginning 11/83.
1984	147,966	20.8	1) Increase the takeout from 18.5% to 19%.
			2) Increase the amount of gross wagering receipts paid to state from 8.25% to 8.5%.

3) Increase the amount of gross wagering receipts allocated to purses from .25% to .5%.

iscal Amor		Yearly Change	Base/Rate Changes
			4) Treatment program for chronic gamblers ends 12/31/84 (funding mechanism 6/30/84). Funding mechanism is through fees:
			a) \$135 on each licensee for each performance of jai alai or dog racing - max \$45,000 per year per licensee.
· .*	· · ·		 b) \$25 on each supplier of pari-mutuel equipment to teletrack facilities.
			5) Municipal share of revenues from OTB increases to .4% from .25%.
		٠.	6) Sunday OTB is permitted on harness or thoroughbred racing events.
			 The Saturday evening performances of Jai Alai or racing events may conclude by 1 a.m. Sunday without municipal approval.
			8) A statement indicating the chances of winning when advertising state lottery tickets is limited to advertisements in newspapers, magazines, brochures and posters, and television and radio ads at least 30 seconds.
			9) The moratorium on new gambling facilities and pari-mutuel licenses is extended from July 1, 1983 to June 30, 1985. Pari-mutuel license renewals and new betting facilities contracted prior to 5/23/79 are not affected.
1985 191	. , 823	29.6	
1986 234	,058	,22.0	1) The moratorium on new gambling facilities and pari-mutuel licenses is extended from July 1, 1985 to June 30, 1987 (7/1/85).
: *			 Wagering on make-up performances at off-track betting facilities, including tele-track, is allowed when requested by the facility and authorized by the Executive Director (7/1/85).
			3) A special fund is established to pay for the testing of greyhound urine by UCONN's lab. The Fund will receive 1/4 of 1% of all money wagered at dog racing events (previously these costs were paid by the Plainfield Track). Any revenue exceeding actual costs (as determined by an audit every two years) will be returned to the General Fund (7/1/85).
			4) The Weekly lottery game is eliminated effective 7/1/85.
·			 As of April, 1986, rules of the Lotto game were changed to reflect a choice of six numbers from a field of 40.
			6) There was an increase in weekly drawings from one on Friday evening to two (one on Tuesday and one on Friday evenings).
	. •	. •	7) A prize was established in Lotto for matching three numbers.
1987 25	7,653	10.1	 The authority to regulate bingo, bazaars, raffles and games of chance is transferred from the Commissioner of Public Safety to the Division of Special Revenue. The following is also provided for:
	· · .		 a) A 5% tax on gross receipts from bingo is established and payable annually by organizations having annual gross receipts in excess of \$25,000 (10/1/87)

Division of State Police.

b) The municipal share of gross receipts from bingo is 0.25%.

c) The sale of sealed tickets by bingo permittees is legalized. Nonprofit organizations with liquor permits may also sell sealed tickets for a one year trial period (10/1/87).

d) Volunteer fire companies conducting bazaars are allowed to award cash prizes not exceeding @\$25 for money-wheel games (10/1/86)

e) A legalized gambling investigative unit is created within the

2) The municipal share of revenue from OTB is increased to 1% from four-tenths of one percent of the gross amount wagered. (1/1/87)

Bingo permit fees are decreased (10/1/87).

Piscal <u>Year</u>	(\$000)	Yearly 3 Change	Base/Rate Changes
			3) (a) Eliminates the separate daily and instant lottery funds and creates one lottery fund.
• .			(b) Changes the transfer of funds from the lottery fund to "from time to time" rather than December and June.
	. , ,		(c) Authorities may permit games of chance in the same location twice, rather than once, every three weeks.
			(d) The Chronic Gamblers' Frogram and the funding mechanism are made permanent (see 1984 (4) above for fees).
1988	265,661	3.1	1) PA 87-528 - Extended the moratorium on new gambling facilities
			until 6/30/89. The Division is authorized to substantially upgrade one OTB branch facility. The total number of OTB branch facilities is reduced to 18 from 20 facilities.
			2) PA 87-542 - A number of changes regarding the use and payment of proceeds from dog racing are made as follows:
			a) Tax rate reduced to 7.25% from 8.5%.
			b) Increases the amount that licenses must allocate to purses by one-half of one percent of total money wagered to 3.5% from 3.0%.
			c) Requires licencees to allocate one-quarter of one percent of
		•	the handle to capital expenditures and one-quarter of one percent of the handle to promotional marketing. (Quarterly finencial statements to division are required) (7/1/87)
			3) PA 87-121 - The state's OTB vendor is authorized to accept wagering on any type of racing event and not just thoroughbred and harness horse racing. Different types of racing may be offered in the same program.
1989	259,069	(2.5)	 PA 88-363 - A number of changes concerning the operation of bingo and sealed tickets are made.
1990	266,761	2.9	 PA 89-390 - Extended the moratorium on new gambling facilities to 6/30/91. In addition, the Division was authorized to provide simulcasting in a total of three OTE branch facilities (including the Windsor Locks Teletheater).
		· .	2) PA 89-214 - New fees were established for equipment dealers for games of chance and for organizations to sell sealed tickets.
			3) PA 69-355 - Provided that a total of \$1 million will be transferred from the Unclaimed Lottery Prize Fund to the Department of Education for the Interdistrict Cooperation Grant
٠			Program (\$700,000) and for a pilot program in training paraprofessionals for teaching (\$300,000).
٠.			 A change was made in the Lotto game to increase the field of numbers from forty to forty-four.
		•	5) The number of instant games per year will be increased from two to four per year with two games operating concurrently in the Spring and then again, in the Fall.
1991	258,900	(3.0)	 PA 90-325 - Legalized the use of animals for cow-chip bingo but because of statutory restrictions, permits must be issued for each event and no cash prizes may be awarded.
1992	254,100	(1.9)	1) PA 91-281 mandates lottery agents to: A) deposit collections from lottery sales into a special account in DRS's name, and 2) file reports documenting lottery receipts and transactions to DRS.
· .			2) PA-309 makes various changes in the laws concerning dog
			track operations. A) Authorizes the conversion of one of current operating Jai

E) Beginning in fiscal year 1992-93 Plainfield's municipal share increases from .5% to .8%.

D) Replaces the fixed 7.25% tax rate on gross wagers with a sliding scale ranging from 5.0%-8.5%.

B) Authorizes a simulcating theater at Plainfield's dog track.

Alai frontons into a dog track.

C) Increases the takeout rate from 19% to 20%.

- limitations on towns wishing to host
- FA 91-366 extends the moratorium on new gambling facilities and pari-mutual licences for an additional two years, until June 30,1993.
- 5) PA 91-409 subjects gambling winnings to state capital gains tax
- 1) PA 92-17(MSS) expands or changes a number of gaming laws and regulations.
 - A) Creates a class C bingo permit which allows between 15-40 dames per year.
 - B) Makes permanent the temporary moratorium on additional OTB facilities and authorizes one additional simucasting facility at the current Bridgeport location.
 - C) Increases the Jai Alai takeout rate from 18% to 20% until June 1994, after which it reverts back to 18%.
 - D) Establishes a task force to study the feesability of authorizing additional casino gambling in the state.
 - 1) PA 93-332 makes the following changes:
 - A) Instructed the DSR to sell the right to operate the state's off-track betting system to a private licensee. A 3.5% (1% to the host municipality) tax is imposed on the licensee based on the total amount wagered, effective 7/1/93.
 - B) The tax rate on Jai Alai is reduced from a flat rate of 6.75% to a sliding scale ranging from 2% 4%, effective 7/1/93.
 - C) The tax rate on Dog Racing is reduced from 5% 8.5% to 2% -4% (Bridgeport Dog Track will be taxed a flat 2% when opened), effective 7/1/93.
- 2) PA 93-13 increases the limit that a special bingo grand prize can accumulate from 12 weeks or a maximum of \$1,500 to 16 weeks or a maximum of \$2,000, effective 10/1/93.

[1] Municipal share of revenue from OTB is 1.0% (effective 1/1/87).

[2] The tax rates for the Parimutuel facilities are as follows:

Jai Alai - 1% of daily handle Greyhound - 1/2% of daily handle

[3] Municipal share of revenue from OTB increased to .4% from .25%, effective June, 1983.

[4] The Off-Track Betting Parlors in New Haven and Meriden were closed on March 31, 1983 and November 30, 1984, respectively.

[5] Effective January, 1987 the Municipal share increases to 1% from .4%.

[6] Includes simulcast figures from Plainfield Dog Track.

Note: The municipal share is paid from the amount retained by the state but is levied on total wagers. The transfer of funds to municipalities occurs monthly.

Source: Statement I and OTB statement of sales and payments to municipalities.

^[1] The Off-Track Betting Branches in New Haven and Meriden were closed on March 31, 1983 and November 30, 1984, respectively.

Source: The Division of Special Revenue.

^[2] The municipal share was changed to four tenths of one percent effective June 16, 1983, pursuant to PA 83-356 (OTB). PA 86-318 increased the municipal share to 1% from .4% effective January, 1987 for those towns which house an OTB parlor or teletrack.

^[3] New London, Waterbury #12, Norwich, and Derby were all closed effective 5/30/91.

^[4] Killingly closed effective 10/27/91.

^[5] Newington opened on 10/1/92.

CHARITABLE GAMBLING (BINGO, BAZAARS, RAFFLES, GAMES OF CHANCE AND SEALED TICKETS)

PA 86-419 made a number of significant changes in the way charitable gaming is conducted and regulated in Connecticut. The highlights of this act are outlined below:

- 1. Creates a legalized gambling investigative unit in the Division of State Police effective 10/1/86.
- Transfers authority to regulate bingo, bazaars, raffles and games of chance from the Commissioner of Public Safety to the Division of Special Revenue beginning 10/1/87.
- 3. Transfers the authority to license bingo from municipalities to the Division of Special Revenue commencing 10/1/87.
- 4. Imposes a 5% tax on the gross receipts from bingo for organizations having annual gross receipts in excess of \$25,000 beginning 10/1/87.
- 5. Requires that municipalities that allow bingo receive one-quarter of one percent of gross bingo receipts in lieu of receiving bingo permit fees.
- 6. Raises individual bingo prize limits to \$500 from \$125.
- 7. Eliminates one of three types of bingo permits and reduces permit fees.
- 8. Legalizes the sale of sealed tickets by bingo permittees and nonprofit organizations that have liquor permits (one year trial period for nonprofits) effective 10/1/87.

PA~88-363 eliminates the requirement that an organization file financial reports up to four times per year.

PA 92-17(MSS) created a "class C" bingo permit. The addition of the class C permit makes three different bingo permits (A,B,C) which are available through the Division of Special Revenue.

Bingo: Municipal Approval: Bingo is authorized by vote of individual municipalities (C.G.S. 7-969(b)). If, prior to September 1 of any year, a petition containing 5% of the electors is submitted, a vote will be taken. If the vote is affirmative, bingo is legalized for a period of one year, at which time a new vote is taken. If affirmative, bingo is then permanently accepted in the town until a petition of 5% of the electors is submitted for a repeal of the law.

Operation of Bingo Games: Bingo games must be sponsered by charitable, fraternal, educational, civic, veterans', or religious organizations, volunteer fire departments or granges. These organizations must have been in existence for at least two years before applying for a bingo permit. In addition, certain elderly organizations are exempt from the bingo permit, tax, and reporting requirements.

Bingo Permits: Application for a bingo permit must be filed with the Division of Special Revenue (prior to 10/1/87 application was made to the State Police and local police departments, or first selectman if no such local department existed). Permits are of three classes, A,B,C:

Class A - an annual permit which allows organizations to conduct at least 15 but not more than 40 bingo games one-day-per-week.

Class B - annual permits which allow organizations to conduct at least 15 but not more than 40 bingo games per day for a maximum of ten successive days. Only one class B permit will be issued to any organization in any twelve month period.

Class C - an annual permit which allows organizations to conduct at least 15 but not more than 40 bingo games one-day-per-month.

Under the old law there were three classes of permits allowed: Class A, B and C. PA 86-419 eliminated the Class A permit which was valid for one day. The act renamed the permits previously called B and C as the new Class A and B. PA 92-17 (MSS) added a new class C permit.

Bingo Permit Fees: Bingo permit fees under PA 86-419 were \$75 for Class A and \$50 for Class B. The fee estiblished for the new class C bingo permit under PA 92-17 (MSS) is \$50. All revenue from bingo permit fees goes to the General Fund.

Bingo Tax

- 1. The bingo tax applies to all organizations.
- 2. A 5% rate is applied to receipts remaining after prizes are paid instead of to all gross receipts (as it was prior to 1986).
- 3. Bingo organizations must pay the tax with their 10 day return.

Bingo Prize Structure

1. Organizations have the option of making the first and last games in a day winner-take-all games. Such games may have a maximum prize of \$500 per game. The game could be one game or a series of games until all of the money wagered has been won in prizes. The following example is an illustration:

WINNER-TAKE-ALL-GAME

Gross Wager	\$2,000
5% State Tax	<u>-100</u>
Amount available for p	rizes \$1,900

- 2. Organizations may offer a series of three \$500 prize games and one \$400 prize game.
- 3. Individual prizes for all other games are limited as follows:

two \$200 prizes - \$200 prize each game four \$100 prizes - \$100 prize each game All other prizes - not to exceed \$50

- 4. Door prizes valued at up to \$200. More than one door prize may be awarded per day but the total value may not exceed \$200, the limit on the single door prize's value.
- 5. Prizes may be paid in cash, merchandise, lottery tickets or personal property.

Sealed Tickets: "Sealed ticket" sales were legalized by P.A. 86-419. A sealed ticket is a card with pull tabs that expose various symbols. The ticket entitles the holder to a prize if the symbols match a winning combination. Permittees and organizations which hold a club permit or nonprofit club liquor permit, but which are not authorized to conduct bingo are authorized to sell tickets. A minimum profit of 10% must be retained from ticket sales. Tickets must still be purchased from the Division for 10% of their resale value. PA 89-214 allows such bingo permittees and organizations to operate money wheels and provide 50-50 coupon games. The permit fee is as follows:

Class A bingo permit \$50
Class B bingo permit \$5 per day
Club or nonprofit club permit \$75

^[1] For years from 1974-1991 Section 3-21 CGS stipulated that when issuing debt (principally bonds and notes) the state could not exceed 4.5 times the total General Fund tax receipts during the previous fiscal year which ended not less than three or more than fifteen calendar months prior to such issuance. For years beginning after 1991 Section 3-21 CGS as amended, set forth the debt limit as 1.6 times the total general fund tax receipts for the fiscal year in which any such authorization will become effective, as estimated by the Joint Standing Committee on Finance, Revenue, and Bonding of the General Assembly in accordance with Section 2-35 CGS.

Additions:

1. Bonds and notes guaranteed by state

Deductions:

- 1. Revenue (tax) anticipation notes
- Refunding or replacing indebtedness
- 3. Bond anticipation notes
- 4. Obligations payable solely from revenues of a particular public improvement
- 5. Aggregate value of cash and securities in debt retirement funds of the state to be used to meet principal of debt outstanding
- 6. All amounts certified by Secretary of Office of Policy and Management as estimated payments on account of the costs of any public improvement to be reimbursed to the state by the Federal Government and to be used to pay principal.

Source: Report of the Auditors of Public Accounts. Various issues.

^[2] In computing adjusted aggregate indebtedness for comparison with the debt limitation Section 3-21 provides for the following additions and deductions to the total debt outstanding:

^[1] Budgeted amounts are taken from the original appropriation act(s) and do not include deficiency appropriations or other apprriations made in the following session. Actual amounts are taken from the Annual Report of the State Comptroller. Actual amounts may include expendituers fromprior year appropriations which were carried forward to the next fiscal year. The Transportation Fund was re-createdin FY 85.

^[2] Includes funds from surplus for debt service, in the following years and amounts: FY 78 \$57.9 million, FY 79 \$130 million, FY 80 \$67.9 million, and FY 89 \$63.0 million.

^[3] The lapse amount shown includes \$19,551,000 in appropriated funds not to be expended.

^[4] Excludes funds provided to the Department of Income Maintenance for payment to the Department of Mental Health for low income disproportionate share costsw in state institutions. These were not part of the original budget. They represent "expenditures" only for purposes of claiming retroactive federal reimbursements. The amounts are as follows: FY 92 \$367,304,000 and FY 93 \$38,500,000.

^[5] Includes the Economic Recovery Fund (ERF) payments on the deficit financing notes as follows: FY 92 Bud. \$130,000,000, Act. \$86,124,948, FY 93 Bud. \$148,200,000, Act. \$136,732,742. Non-functional expenditures as a percent of total without ERF payments are as follows: FY 92 12.7% and FY 93 15.5%.

BUDGET RESERVE FUND (Rainy Day Fund)

Legislative Changes

- FY 79-80: PA 79-623 establishes a Budget Reserve Fund with the following provisions:
 - a) Amount transferred to reserve fund: not less than 10% of the unappropriated surplus exceeding \$1 million was to be transferred to Budget Reserve Fund.
 - b) Cap: Reserve Fund could not exceed 5% of the net General Fund appropriation.
 - c) Use of Reserve Funds: Not specified (State Treasurer authorized to invest all or part of fund).
 - d) Expenditure from Fund: Only at the request of the Governor and with approval of 2/3 of each house of the General Assembly.

FY 82-83: PA 82-443 revised the provisions of the fund as follows:

- a) Amount Transferred to Reserve Fund: The full unappropriated surplus would be transferred to the reserve fund until the amount equalled 5% of the net General Fund appropriation (rather than just 10% of any surplus in excess of @\$1 million).
- b) Use of Unappropriated Surplus Not Transferred to Reserve Fund: Used to reduce any state indebtedness (original act had no provision for this excess).
- c) Use of Reserve Funds: Reduce a state deficit from the preceding year (as well as use at the request of the Governor with approval of 2/3 of each house).

FY 83-84: PA 83-37 made the following revisions:

- a) Use of Unappropriated Surplus Not Transferred to Reserve Fund: Excess is to be used to retire state indebtedness over and above the normal debt.
- b) Use of Reserve Funds: Limited to pay for deficits only (Governor can no longer request use of fund, nor is it available for appropriation by the Legislature).
- FY 85-86: PA 85-516 transferred \$6.7 million in investment income earnings of the Budget Reserve Fund to the General Fund.
- FY 86-87: SA 87-42 increases for one year the percentage of FY 88 net General Fund appropriation going to the Budget Reserve Fund from 5 to 6.5%.
- FY 88-89: SA 88-20 transfers \$73.75 million to the General Fund to finance FY 89 expenditures.
- FY 91-92: Subsection (f) of Section 127 of PA 91-3 of the June Special Session requires any unappropriated surplus for FY 92, FY 93 and FY 94 up to \$205 million in any year to be transferred to the Economic Recovery Note Retirement Fund to be used to redeem prior to maturity outstanding notes issued to fund the deficit as of June 30, 1991.
- FY 92-93: Section 6 of PA 92-205 appropriates any unappropriated surplus in excess of the amount required by the Budget Reserve (Rainy Day) Fund to the State Employees Retirement Fund up to an amount equal to 5 percent of the system's unfunded past service liability.
- Note: Budget Reserve Fund monies not needed for cash flow purposes are invested in the State's Short Term Investment Fund. Beginning in FY 86 the investment earnings are credited to the General Fund as revenue. Formerly, earnings were credited to the Budget Reserve Fund. In FY 85 amount was \$6.9 million.
- Source: Based upon information contained in the General Fund Statement of Unappropriated Surplus (Schedule B-1) and the State of Special Revenue Funds (Exhibit C), the Annual Report of the State Comptroller, various years.

General Fund Unappropriated "Surplus" FY 91 - FY 92

*First \$205 million is earmarked for the Economic Recovery Fund.

General Fund Unappropriated "Surplus" FY 92 - FY 93

*Sec 53(b) of PA93-80 (The Budget Act) Appropriated the surplus for debt service for FY94.

STATES WITH RAINY DAY FUNDS, 1990

State	Method for Deposit	Nethod for Withdrawl
Alaska	By appropriation	By appropriation to cover disaster
California	Year-end surplus or by appropriation	Automatic transfer to cover shortfall or executive order to cover disaster
Colorado	4% appropriations	Automatic transfer to cover shortfall
Connecticut	Year-end surplus up to 5% General Fund appropriations (6.5% for FY 1988 only)	Automatic transfer to cover deficits
Delaware	Cap of 5% general revenues	By appropriation to cover deficits
Florida	Year-end surplus up to 10% prior year general revenues	By appropriation to cover shortfall
Georgia	Year-end surplus up to 3% general revenues	Automatic transfer to cover shortfall
Idaho	By appropriation	By appropriation
Indiana	<pre>= (Annual growth in personal income - 2%) X prior year general revenues</pre>	Automatic transfer if adjusted personal income growth rate less than 2%
Iowa	Year-end surplus up to 10% prior year general revenues	By appropriation
Kentucky	By appropriation	Transfer by governor to cover shortfall
Maryland	By appropriation	Transfer by governor if unemployment greater than 6.5%
Massachusetts	Year-end surplus up to 5% current year general revenues	By appropriation
Michigan	<pre>= (Annual growth in personal income - 2%) X prior year general revenues</pre>	Automatic transfer if adjusted annual growth rate in personal income is negative
Minnesota	By appropriation	By appropriation
Mississippi	25% of annual surplus up to 5% prior year general revenues	Transfer by Fiscal Management Board to cover shortfall
Missouri	By appropriation up to 5% of prior year general revenues	By appropriation
New Hampshire	Audited year-end surplus	Transfer with approval of Advisory Budget Control Committee and governor
New Jersey	Up to 50% surplus revenues	By appropriation

State	Method for Deposit	Method for Withdrawl
New Mexico	Surplus revenues up to 8% prior year appropriation	By appropriation to cover shortfall
New York	Year-end surplus up to 2% expenditures	By appropriation to cover deficit
North Dakota	Biennium-end surplus in excess of \$40 million	Governor may transfer if shortfall is atleast 5% of legisltive estimate
Ohio .	General revenue in excess of certified biennial revenues	Automatic transfer if growth in general revenue is negative
Oklahoma	Automatic transfer up to 10% prior year general revenue	By appropriation
Pennsylvania	By appropriation	By appropriation
Rhode Island	40% lottery revenue	Automatic transfer to cover shortfall
South Carolina	Year-end surplus up to 3% General Fund revenues	Budget and Control Board transfers to cover year-end deficit
Tennessee	By appropriation	By appropriation to cover deficit
Texas	1/2 surplus revenue plus portion of oil and gas tax	By appropriation
Utah	Up to 3% surplus revenue but less than 6% prior year appropriation	By appropriation to cover deficit
Vermont	Surplus revenue up to 2% prior year appropriation	By state treasurer to cover General Fund deficit
Virginia	By appropriation	By governor to cover shortfall
Washington	<pre>= (projected growth in real personal income - 3%) X (prior year general revenue)</pre>	By appropriation
Wisconsin	By appropriation	By appropriation
Wyoming	Year-end surplus plus appropriations	By appropriation

SPENDING LIMITATIONS The Delaware Plan

The "Delaware Plan" is an expenditure limitation designed to limit appropriations in the state of Delaware to not more than 98% of estimated revenues. The limitation is authorized under the state's constitution. Specifically, this plan contains the following:

- 1) Appropriations cannot exceed 98% of estimated general fund revenue.
- 2) The two percent "surplus revenue" can be used, upon a 3/5 vote of the legislature, for "emergencies involving the health, safety, or welfare of the citizens of the state".
- 3) A "Budget Reserve Account" would be established with excess funds at the end of the fiscal year, provided the Account would not exceed 5% of the estimated revenue; any excess in the fund would be transferred for Grants-In-Aid for Urban problems. Any expenditure from the Account would require 2/3 vote of the Legislature.
- 4) Taxes could not be increased without a 3/5 vote of the Legislature.
- 5) Grants-in-Aid are limited to 1.2% of the budget and require a 3/4 vote of the Legislature.
- 6) New bonding authorizations are limited to 75% of the amount of debt retired in the prior year. A 3/4 vote of the Legislature is required for passage.

A related provision to the "Delaware Plan" was the establishment of an independent Economic and Financial Advisory Council to estimate expenditure and revenue growth. The 24 members are all appointed by the Governor and include: 5 legislators, 3 university faculty members, 3 cabinet secretaries, 2 other state officials, and 11 members from the business community. The legislature can amend the Council's estimates. The expenditures are estimated for one year and revenue for two years.

THE BOATING FUND

Piscal Year	Collection Amount (000)	Yearly t Change	Base Changes
1982	\$2,445		PA 81-423:
	·		a) Eliminated the property tax on boats for 10/1/81 assessment year b) Revised the annual boat registration fee
· .			 c) Established grant program [1] to reimburse towns for lost property tax revenue
_		•	d) Required first \$600,000 in annual revenues go into Boating Fund [2]
1983	4,001	63.6	PA 82-282: Up to 2 vessels owned by a U.S. Coast Guard auxilliary flotilla are exempt from registration requirements
			PA 82-436:
			a) Amount of revenue received by Boating Fund is increased from to \$800,000 b) Registration fees change as follows:
			1) Vessels less than 15 ft with motors less than 15 HP - \$15 fee (1/1/83) 2) Canoes with motors greater than 5 HP motors - \$15 fee 3) Vessel of non-profit org \$15 fee
			4) Pontoon Boat (except house boats) - \$40 fee
	•		5) Marine dealer's registration fee increased to \$25 from \$15
1984	3,907	(2.4)	PA 83-253 clarifies meaning of "use" as applied to vessels subject to registration. It also changes procedures for determination of funds available to reimburse town for enforcement and registration
1985	3,226	(17.4)	PA 84-495 reduces all registration fees by 25% (except cances). The amount of revenues received by the Boating Fund is increased to \$1,000,000.
1986	3,394	5.2	PA 86-418 clarifies that any funds remaining in the Boating Fund together with boating fees would be used to fully reimburse towns on the 1978 list.
1987	3,734	10.0	PA 87-289 - An exemption is provided for vessels built by students of an educational institution $(5/1/87)$.
1988	4,103	9.9	PA 88-316 - Owners of boats actively used in US Coast Guard Auxiliary operations are exempted from the first \$180 of the boat's registration fee.
1989	4,321	5.3	PA 89-23 - Owners of stolen, lost or destroyed boats with a Connecticut registration may register another boat in their name for the remainder of
			the first boat's registration period without paying an additional fee.
1990	4,493	4.0	
1991	4,329	(3.7)	the second control of
1992	4,356	6.2	
1993	4,313	(1.0)	
	-,	1/	

^[1] Grant Program: Beginning December 30, 1982 towns receive a payment from annual collections equal to the property taxes received from vessels on the October 1, 1978 Grand List. Should the revenue collected be insufficient to reimburse towns at the 100% level, each town will receive a pro rata share.
[2] Boating Fund: Revenues deposited in the Boating Fund will be used to pay expenses incurred by the Departments of Environmental Protection and Motor Vehicles in registering vessels, enforcing boating safety laws and the provisions of this act. If additional funds are available they may be used to reimburse towns for expenditures on boating safety or improvements in boating facilities. (Effective October 31, 1981)

Education Equalization Grants to Towns FY 76 - FY 93

EDUCATION EQUALIZATION GRANTS TO TOWNS GUARANTEED TAX BASE (GTB)

Piscal Year	Total (000)	Equalization Expenditure (000)	ADM Grant (000)	Actual/Percent Phase-In of Full Entitlement	Equalization Fully Fundon Level [1] (000)	_
1976[2]	\$169,792	\$ 6,861 1 2 2.2	\$162,931	· NA	\$ 7,100	PA 75-341: 1) Established new procedures and formulas for determining additional school aid for towns that had above average tax rates and relatively low levels of tax capacity
						 Limited amount of increased aid to a town under GTB to 5% of state ADM grant All equalisation grants were initially paid from funds acquired through the state's Instant Lottery (see PA 77-540) below
1977	170,449	10,090	160,357	NA	10,000	PA 76-387: 1) Raised the limit on the amount of increased aid a town received under GTB to 7.3% from 5% of the ADM grant received by town (see "a" of PA 77-579 below)
1978	176,116	19,939	156,178	NA	19,939	PA 77-540: 1) The \$19.939 million was comprised of \$9.939 million appropriated from the General Fund and \$10.0 million earmarked from proceeds of the Instant Lottery. The
•						Educational Equalization program in subsequent years was funded only by General Fund appropriations, not Lottery proceeds. PA 77-579:
						i) Eliminated the 7.3% cap on the amount of GTB funds a town may receive 2) Altered the method of computing a town's total population for calculating its wealth for GTB ranking
1979	190,655	40,000	150,655	NA.	40,000	3) Changed GTB distribution formula
1980[3]	220,509	75,885	144,624	56.0%	393,766	PA 79-128: 1) Required the state to appropriate 100% of the amount needed to provide for full entitlement to each town in FY 1984 heginning with a phase in as follows:
						56% of full funding 1980 67% 1981 78% 1982 89% 1983
						These promised phase-in percents were amended each year by bills to implement the budget. For the actual percents phased-in, see the chart - Footnote 1. 2) Repealed the average daily membership grant which provided a flat \$250 per pupil
·						although town's ineligible for equalization still received a minimum, "hold-harmless" grant of \$250 per pupil in ADM the preceding year.
1981	272,776	146,024	126,776	66.53%	410,000	PA 80-6: 1) Clarified the mathematical formula originally drafted in PA 79-553 by specifying that the formula's first factor, the population of the last decemnial census, be added to the product of the remaining factors

					Equalizati	on
		Equalization		Actual/Percent	Fully Fund	ed Legislative Changes
Fiscal Year	Total (000)	Expenditure (000)	Grant (000)	Phase-In of Full Entitlement [1]	Level	To Education Equalization Grant Program
1982	306,016	167,423	138,593	72.86%	420,000	PA 81-31: [4] 1) Made adjustments in the distribution of
						GTB aid for FY 1981 only by requiring that
	:					one-half of the "hold-harmless" aid to eligible towns be witheld from the April,
						1981 payment. 2) Validated the mistake made by the State
			•			Department of Education in calculating the
						FY 1981 grants. \$10.7 million was over paid in FY 1981 because the Department had
						mistakedly counted school nutrition programs as part of local education
	٠.	-				expenses when they should have been
	٠.				•	considered a state or federal expenditure.
				•		FA 81-413: 1) Substituted an appropriation of a flat
	,					\$306 million for the 76% of full funding
						required by statute. This in effect represents a reduction in the percentage
				•		to approximately 72% of full funding. 2) The minimum grants which "wealthy" towns
		•				receive was reduced (see Footnote [4]).
1983	344,813			82.0%	419,744	PA 82-91:
				100	•	1) Decreased the percentage of full funding to be appropriated to 81% from 89% for FY
						1983. Towns paid a "hold-harmless" grant
				·	•	also receive a lower per student grant: \$203 from \$223 (or \$233 from \$245 in
						Regional Districts).
						PA 82-275:
						1) Required the Department of Education to submit to the Auditors of Public Accounts
						for review proposed changes in the method of calculating GTB grants.
1984	377,770			90%	419,700	PA 83-4: 1) Reduced the GTB grant to 90% of
						full-funding instead of 100% and delayed full-funding until FY 1985
				-		("hold-harmless" grants are therefore
•						lowered from \$250 to \$225 (or \$275 to \$248 for regional districts).
1985[5]	421,284			95%	443,400	PA 64-490:
			•			 Reduces the GTB grant to 95% of full-funding from 100% and delays
						full-funding until FY 1986
						 Alters the timing of grant payments so that 25% of grant is paid in October, 25%
						in January, and the final 50% in April. (Under prior law two installments of 50%
						each in October and April were made). This
					•	change was made to improve the match of state payments to state revenue, reducing
						the state's use (and interest cost) of short-term debt.
					450 400	
1986	459,308			100%	459,308	PA 85-180: 1) Changed the way towns' net current local
•						expenditures (NCLE) are calculated for purposes of the "effort" portion of the
						GTB grant. The change will be used to calculate grants for FY 1988.
			•			2) Allowed towns to be eligible for an
						alternate minimum expenditure requirement (MER) instead of a full MER. The alternate
						MER allows towns below the state median in wealth and above the state median in
						school tax rate to match the previous
					•	year's expenditures in eduction and devote all GTB aid to education.

Fiscal Year	Total (000)	Equalization Expenditure	ADM Grant	Actual/Percent Phase-In of	Equalizat Fully Fun Level		Logislative Changes To Education
IVAL	(000)	(000)	(000)	Full Entitlement	[1] (000)		Equalization Grant Program
						1)	85-550: Allowed any town which would not be spending a minimum amount per pupil (as required by law under the GTB formula) to increase their net current expenditures by at least 12t and still be eligible for GTB aid Allowed the city of Waterbury to make corrections in its 1982-83 data and
1007	110 660			1005	440.550		receive a corrected GTB grant for FY 1986.
1987	449,668			100%	449,568		
1988	518,088			100%	518,088		
1989	592,228				592,228		88-358: Replaced the GTB grant program and the grants established under the Education Enhancement Act (EEA) with a new program, the Education Cost Sharing (ECS) grant beginning in FY 1989-90. [6]
1990	827,048			21.5%	1,074,261		89-355: Decreased both the guaranteed wealth level and hold harmless provisions provided in PA 88-358. The original guaranteed wealth level was defined as twice the median town's wealth. The new level is defined
							as 1.833 times the median. The original hold harmless levels were 1% and 5%. The new levels are 1/2% and 4 1/2%. [6]
1991	891,920	: *		45 %	1,053,174		90-225 Decreases both the guaranteed wealth level and hold harmless provisions. The new guaranteed wealth level is defined as 1.6651 times the median town's wealth, while the new hold harmless levels are 4% and 0% (level funding).
							Redefines eligibility for each hold harmless level. Previous law had set eligibility based on old GTB data. This act sets eligibility by current wealth rank. The sixteen wealthiest towns (except Stamford) are now level funded, while all others receive 4% increases.
1992	941,641			71%	1,050,025	1)	91-7 JSS Decreased hold harmless funding levels by providing that hold harmless towns receive
							only a sliding scale portion of their hold harmless aid based on AFDC levels and mastery performance rather than guaranteed increases or flat funding.
1993	919,509			1003	919,509	1)	92-262 Decreases both the guaranteed wealth level and hold harmless provisions. The new guaranteed wealth level is defined as 1.5361 times the median town's wealth.
							Hold harmless funding is reduced from a sliding scale portion to decreased levels based on actual AFDC and mastery percentages.
1994	974,254			100%	974 ,25 4	1)	93-145 Maintained the foundation level of spending at \$9,800 and continued to hold towns harmless to their previous years grants.

Footnotes

[1] Because of budgetary constraints, the GTB formula was not fully funded until 1986.

Fiscal Year	Legislated Phase-In	Actual Phase—In
1980	56%	568
1981	67%	67%
1982	78%	72%
1983	89%	81%
1984	100%	90%
1985	100%	95%
1986	100%	100%

[2] The state Superior Court found the method of school financing unconstitutional in 1974 (Horton vs. Meskill) because the state had delegated responsibility for financing public schools to individual towns creating disparities among towns in terms of revenues raised to support education. The ruling was upheld by the state Supreme Court in 1977.

[3] PA 79-128 was passed in response to the 1977 Supreme Court ruling in the Horton vs. Meskill suit. The court established that there was a relationship between funding and equity for purposes of the state's school finance system and that the state was in violation of the equal protection and free public education provisions of the State Constitution.

[4] Under prior law the difference between the minimum grant, \$250 per pupil for towns or \$275 per pupil for regional districts and what a town received under the GTB formula (if less than the minimum) was known as "hold-harmless" aid. Towns that receive less than the minimum grant under GTB were entitled to the entire minimum grant amount.

PA 81-413, in effect created two minimum grants: one for calculating full funding (\$250 or \$275) and one for purposes of determining the actual appropriation. This latter minimum is based upon a percentage equal to the ratio of:

Formula: Total GTB Appropriation X \$250 or \$275
Total GTB Full Funding

Example: Minimum Grant = $\frac{$360 \text{ million}}{$420 \text{ million}}$ X \$250 or \$275 = .7286 X \$250 or \$275 = \$182/\$200

Formerly, towns which received less than the \$250 per pupil (or \$275 for regional school districts) under the GTB formula were granted the full \$250/\$275. Under PA 81-413 all towns receive at least the appropriated minimum and for towns whose grants fall between the appropriated minimum and \$250/\$275, receive the appropriated minimum.

[5] In May, 1984, an additional Superior Court ruling in the Horton vs. Meskill case made the following recommended changes to this grant, which are currently under appeal in the State Supreme Court.

- 1. full funding was ordered for FY 1984-85
- 2. the hold-harmless component of the grant was eliminated
- 3. the data on which the grant is based was changed to 2 in lieu of 3 year old information
- 4. towns were required to fully implement their Minimum Expenditure Requirements (MER) and the "alternate MER" was struck down:
- [6] The ECS formula is calculated with three basic components as follows:

town wealth

ECS Aid = [1 - quaranteed wealth] x foundation x need students

town wealth - adjusted equalized net grand list per need student

guaranteed wealth = 1.5361 x the wealth of the median town

foundation = expenditure per need student three years before grant year in the town at the 80th percentile, currently set at \$4800, this sets a minimum expenditure requirement

need students = average daily membership plus one-quarter of children on AFDC and one-quarter of students needing
remedial help based on mastery exam results.

Distressed Municipalities and Enterprise Zones

Distressed Municipalities

The 1978 session of the Connecticut General Assembly adopted PA 78-357, a financial assistance and tax incentive package informally known as the Urban Jobs Program. It was intended to foster economic growth in areas of high unemployment and included specific incentives for distressed municipalities.

The "distressed communities" designation is made by the US Department of Housing and Urban Development (HUD) for determining eligibility for federal Urban Development Action Grants. The following criteria are used (see Federal Regulations 24 CFR 570.452 for specific information):

- 1. Percentage of housing constructed before 1940
- 2. Per capita income change
- 3. Percentage of poverty
- 4. Population growth lag/decline
- 5. Unemployment

On the state level, "distressed municipality" is used in place of "distressed community." The Connecticut Department of Economic Development (DED) uses the HUD designation as a criterion for determining the eligibility of businesses for local tax abatement on real property and machinery, state Corporate Business Tax credits, grants for new jobs resulting from new investments, and working capital and fixed asset loans. DED currently lists 27 municipalities as distressed. Ten of these contain subdivisions called Enterprise Zones which receive additional economic incentives (see discussion below). PA 90-270 designated distressed municipalities containing Enterprise Zones as "targeted investment communities" which are eligible to receive a higher level of benefits than other municipalities under the Ecomonic Development and Manufacturing Assistance Act of 1990.

Distressed Municipalities

	Ansonia		Middletown		Stafford
X	Bridgeport		Naugatuck		Sterling
	Colchester	х	New Britain		Thompson
	East Haven	x	New Haven		Torrington
	Griswold	ж	New London		Voluntown
X	Hartford	x	Norwalk	x	Waterbury
	Killingly	x	Norwich		West Haven
	Litchfield		Plainfield		Winchester
X	Meriden		Putnam	×	Windham

x indicates targeted investment communities containing Enterprise Zones.

The town of Hamden is also classified as a targeted investment community because it borders New Haven's Enterprise Zone.

Economic Incentives for Distressed Municipalities

PA 90-270 sunsets the Property Tax Abatement Program, the Corporation Tax Credit Program and the Job Incentive Grant Program for businesses in distressed municipalities such that firms must have a commitment letter from DED by 3/1/91 to qualify. No restriction was placed on firms in municipalities designated as targeted investment communities.

1. Property Tax Abatement - A distressed municipality must abate 80% of the property tax, including the tax on machinery and equipment, for 5 years on a DED-certified manufacturing facility acquired, constructed, renovated or expanded after July 1, 1978 (CGS Section 12-81 (59), (60). The municipality receives an annual state grant of 75% of the amount of the taxes abated (CGS Section 32-9s).

Manufacturers in distressed municipalities receive a 50% property tax exemption for 5 years on new machinery and equipment they acquire when technologically upgrading their manufacturing process (CGS Section 12-81(70)). The state reimburses municipalities for 50% of the tax revenue lost because of the exemption (CGS Section 32-9s). The state and municipality have a security interest in the equipment to the extent of the revenue reimbursed by the state or lost by the municipality. This interest is enforceable if a business ceases operation or moves out of state.

PA 89-235 limits the property tax exemption for machinery and equipment to items that represent additions to the town's grand list or assessment. Consequently, a business relocating within a distressed municipality cannot claim an exemption for items that are already taxable.

- 2. Corporation Business Tax Credit A 25% credit is allowed against the state Corporation Business Tax for each of 10 years for new manufacturing facilities located in distressed municipalities. The credit is based on the portion of tax which is allocable to the income generated by the new facility (CGS Section 12-217e).
- 3. Working Capital Loans An employment incentive revolving fund was established to make working capital loans to any business organization which recently completed or is undertaking the acquisition or development of an industrial project in a distressed municipality if such project is expected to create more than 5 new jobs. Such loans are for a maximum amount of \$75,000 and for a maximum term of 10 years (CGS Section 32-9q). PA 88-265 replaced the Small Contractors and Manufacturers Revolving Loan Fund with the the Connecticut Growth Fund as the funding source.
- 4. Job Incentive Grant Program Manufacturers and certain types of service businesses can receive a grant of \$500 per job for creating at least five new jobs when they expand. The grants are for two years (CGS Sections 32-91 to 32-91). This program is administered by DED and funded from the Business Expansion in Municipalities with High Unemployment grant account.

Enterprise Zones

Connecticut's Enterprise Zone Program went into effect July 1, 1982 (PA 81-445). Such programs give a variety of economic incentives which lower the cost of doing business and create favorable economic development conditions for manufacturing enterprises, commercial retail businesses and residential property owners in deteriorated areas.

In October of 1982, six areas in the following cities were designated by the state Department of Economic Development (DED) as Enterprise Zones:

Bridgeport

3. New Haven

5. New London

2. Hartford

4. New Britain

6. Norwalk

PA 86-258 authorized the creation of four new Enterprise Zones, increasing the total number to ten. The additional zones are in:

7. Meriden

9. Windham

8. Norwich

10. Waterbury

PA 88-323 authorized the Economic Development Commissioner to extend Enterprise Zone benefits to property located adjacent to a zone. A vacant or underused manufacturing structure containing at least 100,000 square feet be located on the property. It must also be situated within 150 feet of a stream which is the common boundary with the zone. This act allowed a portion of Hamden to be included in New Haven's Enterprise Zone even though Hamden itself is not a Distressed Municipality.

The Commissioner of Economic Development may remove the Enterprise Zone designation from an area if it fails to meet the criteria outlined below. However, the designation must remain on an area for a minimum of ten years.

All areas are required to meet the following qualifications:

- 1. Areas must consist of one or two contiguous census tracts.
- 2. A portion of the area must be zoned for commercial development.
- 3. Any area designated as an Enterprise Zone must have the approval of its municipal government.

A census tract must meet at least one of the following criteria (as determined by data published by the U. S. Bureau of the Census):

- 1. 25% or more of the population must have incomes below the poverty level
- 2. 25% or more of the families receive Income Maintenance or welfare funds
- 3. An unemployment rate of at least 200% of the state average

State statutes limit the number of Enterprise Zones to 10: 4 must have populations greater than 80,000 and 6 must have populations less than 80,000.

Economic Incentives for Enterprise Zones

1. Enterprise Zone ("Targeted") Business Loans - PA 81-445 provided venture capital loans for establishing small businesses financed through the Enterprise Zone Capital Formation Revolving Loan Fund. This fund was administered by DED and financed by a \$2 million state bond authorization. In 1988 the fund was consolidated under PA 88-265 into the Comprehensive Business Assistance Fund administered by the Connecticut Development Authority.

Under this program, businesses with actual or anticipated gross revenues under \$3 million can borrow up to \$250,000 for investment in real property, machinery, or working capital. Working capital loans are only made for business expansion or restructuring purposes (CGS Section 32-23x(c)(2)). The term of the loan is for a maximum of 20 years for real estate, 10 years for machinery and 7 years for working capital. The interest rate for each loan is set at one percent above the rate borne by the latest issue of state general obligation bonds (CGS Section 32-23x(a)(9).

- 2. Corporation Business Tax Credit A 50% tax reduction in the Corporation Tax is provided for 10 years if (a) at least 150 of the firm's full-time employees or (b) 30% of the full-time employees are residents of the zone or are municipal residents eligible for training under the Federal Job Training Partnership Act (JTPA) (CGS Section 12-217e). Manufacturing firms and certain types of service businesses are eligible for this benefit (CGS Sections 32-9p(d) and 12-217e; PA 90-270).
- 3. Job Incentive Grant Program Manufacturing firms receive a \$1,500 grant for each additional full-time job created if (a) at least 150 of the firm's full-time employees or (b) 30% of the full-time employees are residents of the zone or are municipal residents eligible for training under JTPA (CGS Section 32-91(a); PA 90-270). A minimum of 3 positions must be created (CGS Section 32-9j(b)).

Certain types of service firms may receive a \$500 grant for each additional full-time job if a minimum of 3 are created (PA 89-235). PA 90-270 expanded the list of business types eligible for the Job Incentive Grant Program.

4. Property Tax Abatement:

Manufacturing firms - A municipality containing an Enterprise Zone must abate 80% of the property tax, including the tax on machinery and equipment, for 5 years on a DED-certified manufacturing facility acquired, constructed, renovated or expanded after July 1, 1978 (CGS Section 12-81 (59), (60). The municipality receives an annual state grant of 75% of the amount of the taxes abated (CGS Section 32-9s).

Manufacturers receive a 50% property tax exemption for 5 years on new machinery and equipment they acquire when technologically upgrading their manufacturing process (CGS Section 12-81(70)). The state reimburses the municipality for 50% of the tax revenue lost because of the exemption (CGS Section 32-9s). The state and municipality have a security interest in the equipment to the extent of the revenue reimbursed by the state or lost by the municipality. This interest is enforceable if a business ceases operation or moves out of state.

PA 89-235 limits the property tax exemption for machinery and equipment to items that represent additions to the town's grand list or assessment. Consequently, a business relocating within the municipality cannot claim an exemption for items that are already taxable.

PA 90-270 expands the list of business types eligible for this program.

Nonmanufacturering firms: These facilities are eligible for a 7 year graduated deferral only for increases in taxes attributable to improvements on real property. The schedule is determined by the municipality, subject to the following statutory minimums (CGS Section 32-71):

<u>Year</u>	<pre>% Increase Deferred</pre>
<u> </u>	100%
2	100
.3	50
4	40
5	30
6	20
7	10

The statutes also allow municipalities to provide any additional tax abatements or deferrals they deem necessary.

Residential development is eligible for the property tax deferrals, but the deferral ceases if (CGS Section 32-71(b)):

- a. Any dwelling unit is rented to any person whose income exceeds 200 percent of the median family income of the municipality; or
- b. For any conversion condominium unit sold to any person whose income exceeds 200 percent of the median family income of the municipality.
- 5. State Sales Tax Exemption Manufacturing firms receive an exemption on repair and replacement parts (CGS Section 12-412(43)).
- 6. State Real Estate Conveyance Tax Exemption All real estate sales in Enterprise Zones are exempt from the state conveyance tax (PA 89-205).

The State Employees' Retirement Fund (SERF) is administered by the State Employees' Retirement Commission. As of June 30, 1993 there were 51,133 active members and 26,572 retired members. Payments into the SERF are made through General and Transportation Fund Appropriations, Federal contributions or by contributions by individual employees. Income is also generated as a result of activity in the Fund's assets. The table above shows these amounts as well as the payments made to the beneficiaries of the fund. The data also indicate the return on investment as calculated by the State's Treasurer.

The Teachers' Retirement Fund (TERF) is administered by the Teachers' Retirement Board. The Fund pays benefits to teachers and administrators of Connecticut's public school system. As of June 30, 1993 there were 38,260 active members and 16,058 members receiving benefits. Although municipalities set salary levels for teachers and administrators, they are not required to make contributions to the fund on behalf of their employees. Payments into TERF are made through General Fund appropriations and as a result of employee contributions. Income is also generated as a result of activity in the Fund's assets. The table above shows these amounts as well as the payments made to the beneficiaries of the fund. The data also indicate the return on investment as calculated by the State's Treasurer.

STATE PENSIONS SYSTEMS: RATE OF RETURN ON INVESTMENTS ASSUMPTIONS

In determining the actuarial accrued liability for the State Employees Retirement System (SERS) and the Teacher's Retirement System (TERS), the actuaries determine the excess of pension fund liabilities over assets. This value is calculated using various assumptions, including an annual assumption for the rate of return on pension fund investments. The annual pension fund contribution the State is required to make is inversely related to the rate of return assumption.

STATE EMPLOYEES RETIREMENT SYSTEM (SERS)

The SERS rate of return assumptions are as follows:

Fiscal Year	Rate of Return Assumption	Determined By
1980 1981 1982 1983 1984 1985 1986 1987 1988 1989	6.5% 6.5% 6.5% 6.5% 6.5% 7.5% 7.5% 7.5% 8.5% 8.5% 8.5%	Actuary Collectively Bargained Collectively Bargained
1991 1992 1993 1994	8.5% 8.5% 8.5% 8.5%	Collectively Bargained Collectively Bargained Collectively Bargained Collectively Bargained Collectively Bargained

(1) During the 1990 Legislative Session, the rate of return assumption was increased from 8.5% to 9.5%, effective January 1, 1990. This change was implemented by a Memorandum of Understanding amending the 1989 Pension Arbitration Award between the State of Connecticut and the State Employees Bargaining Agent Coalition (SEBAC). This agreement also provided a formula for calculating the rate of return assumption from FY 1990-91 through FY 1993-94.

TEACHERS' RETIREMENT SYSTEM (TERS)

The TERS rate of return assumptions are as follows:

Fiscal Year	Rate of Return Assumption	Determined By
1980	8.0%	Actuary
1981	8.0%	Actuary
1982	8.0%	Actuary
1983	8.0%	Actuary

Fiscal Year	Rate of Return Assumption	Determined By
1984	8.0%	Actuary
1985	8.0%	Actuary
1986	8.0%	Actuary
1987	8.0%	Actuary
1988	8.0%	Actuary
1989	8.5%	Actuary
1990	8.5%	Actuary
1991	9.5%	(1) Legislature
1992	9.5%	Legislature
1993	8.5%	Actuary
1994(proposed		Actuary

⁽¹⁾ In the absence of legislative action, the actuary for the Teachers' Retirement Board sets the assumptions for the rate of return on pension fund investments. During the 1990 Session, the Legislature increased the rate of return from 8.5% to 9.5% for FY 1990-91 and during the 1991 Session, the rate of return was increased from 8.5% to 9.5% for FY 1991-92. In both cases the change was accomplished through the Appropriation Act.

Transportation Fund Revenues* FY 69 - FY 75 and FY 84 - FY 93

*FY 76 - FY 83 included as part of the General Fund.

TRANSPORTATION FUND

2 41	Total	Fund

1972	237.5		
1973	189.5		
1974	233.4		
1975	254.0	•	The Highway Fund became the Transportation Fund on 7/1/74
1976	na ·		Transportation Fund was eliminated on 6/30/75. All activities were transferred to General Fund accounts.
	•		
1984	17.5		 PA 83-30 established a Special Transportation Fund for the maintenance and construction of state roads and bridges. Revenues are derived from a set aside of one cent of the State Motor Fuels Tax (currently 14 cents/gallon - Gasoline and 13 cents/gallon - gaschol). State Treasurer may utilize fund revenues as part of the State's Short Term Investment Fund.
			2) PA 83-1 (October Special Session) appropriated \$3.333 million of the FY 84 General Fund surplus from operations to the Special Transportation Fund. The appropriated amount is included in the total.
1985	362.6	Taxes 227.0 Other 119.9 Federal 15.7	Special Transportation Fund expanded to include all highway-related state and federal revenues (except tolls).
1986	482.9	Taxes 240.6 Other 232.7 Federal 9.6	1) PA 85-529 changes various motor vehicle fees. 2) PA 85-413 revises surcharges on motor vehicle related fines and penalties.
1987	511.2	Taxes 263.6 Other 225.9	1) PA 86-383 changes various motor vehicle registration fees. 2) PA 86-271 increases fees associated with the transfer of a motor vehicle
		Federal 21.7	because of a business partial liquidation or reorganisation (7/1/86). 3) PA 86-352 allows motor carriers registered with DRS to purchase fuel at designated stations without paying Motor Fuels Tax at the pump. The tax is
			paid quarterly (10/1/86).
1988	615.6	Taxes 302.3 Other 303.0 Federal 10.3	 PA 87-329 postpones the motor vehicle fee increase scheduled for 1988 until 1992 and eliminates another increase scheduled for 1992. The fees would have increased 12.9% in 1988 and 14.3% in 1992.
1989	570.4	Taxes 315.7 Other 244.4 Federal 10.3	 PA 88-249 requires mandatory registration for all motor carriers, in-state and out-of-state; and payment of an annual registration fee of \$10. PA 88-320 sets fines for not stopping at truck weighing areas and littering.
1990	582.1	Taxes 308.1	
		Other 264.0 Federal 10.0	
1991	591.9	Taxes 330.9	
		Other 251.8 Federal 9.2	
1992	634.2	Taxes 365.6	1) PA 91-13 (Jume Special Session) changes various motor vehicle and
	*****	Other 260.5 Federal 8.1	transportation-related fees.
1993	675.6	Taxes 393.9 Other 273.4	 PA 92-177 (May Special Session) changes various motor vehicle and transportation-related fees.
	·	Other 273.4 Federal 8.3	2) PA 92-136 establishes a motor carrier decal program. 3) PA 92-13 (May Special Session) requires employers in severe air pollution areas to pay fees when filing traffic-management compliance plans.
1994	NA	Taxes NA Other NA Federal NA	1) Towns with aircrafts on their grand list are required to exempt them from the property tax and implement a registration program. Towns will be reimbursed for the tax that would have been collected from aircrafts on their 1992 grand list, less the fees collected under the registration program from the Transportation Fund at 100% in FY 94 and FY 95 and in subsequent years at 90%, 70%, 50%, 30%, 10%.

Note: Changes to the Motor Fuels tax may be found in the Excise Tax section. Source: The Annual Report of the State Comptroller, various issues.

The Transportation Infrastructure Program

The State intends to accomplish its transportation infrastructure program over a 10 year period. The program will be administered by the Department of Transportation.

The 10 year cost of the infrastructure program, to be met from federal, state and local funds, is estimated at \$7.6 billion. All revenues collected will be credited to the Special Transportation Fund. The Special Transportation Fund receives revenues from five sources; three categories include transportation related taxes, fees and charges, one category includes Urban Mass Transit grants (UMTA) received by the state and one includes investment income.

The State's share of the estimated \$7.6 billion total cost of the infrastructure program is estimated to be \$3.6 billion over the next ten years. Of this amount \$3.2 billion is expected to be financed by special tax obligation bonds while the remaining \$0.4 billion will be financed from current revenues of the state. The issuance of special tax obligation bonds is expected to eliminate the need for the authorization of additional general obligation bonds of the state for transportation purposes.

Projected Pledged Revenues

The source of payments for the special tax obligation bonds are revenues that have been pledged by the state. All pledged revenues are credited to the Special Transportation Fund. Pledged revenues consist primarily of taxes, fees and charges. The tables on the following pages summarize the tax, fee and charge increases and the level of revenue that each category of pledged revenues is estimated to produce over the next ten years, respectively.

Projected Debt Service Coverage

Under the bond covenant, the state has agreed to maintain Pledged Revenues and other receipts to be twice the amount required to cover the bonds' debt service (i.e., principal plus interest payments) in each fiscal year. See the following tables for the projected relationship between Pledged Revenues and Debt Service Requirements in each of the ten fiscal years commencing with FY 84-85.

^[1] The percentage increase compares the increased fee rates to the rates in effect during the previous State fiscal year. Included in Motor Vehicle Receipts are motor vehicle registration fees, motor vehicle and motorcycle operator's license fees, certain business license fees, and some DMV administrative fees. PA 87-329 postponed the 12.9% increase originally scheduled for July 1, 1988 to July 1, 1992 and eliminated the 14.3% increase scheduled for July 1, 1992. In addition, PA 91-13 of the June Special Session and PA 92-177 imposed and increased certain motor vehicle fees. These increases are not reflected in the percentages listed in the table above.

^[2] Included in Licenses, Permits and Fees are business license and registration fees (for dealers, repairers, junk yards, etc.), permits (motorcycle learner's permit, etc.), various administrative fees (vehicle inspection fees, title fees, driver's license information, etc.), surcharges on motor vehicle-related fines, and penalties. Not included are fees for which federal law establishes a maximum, such as the motor carrier registration fee.

PA 85-413 repealed the surcharge on motor vehicle fines and penalties scheduled to go into effect July 1, 1985 and reduced other surcharges scheduled to become effective July 1, 1989, 1991, and 1993. However, the increases listed above still apply for other Licenses, Permits and Fees.

State Aid to Municipalities include direct aid to local governments, payments made on behalf of municipalities (i. e. the Teachers' Retirement Fund), committed or potential payments authorized by various Bond Acts and payments which reflect the sharing of state operating funds (i. e. Visitors and Convention Center or Hotel Room Occupancy). The table shown above are amounts of state aid for three categories.

Regional Tourism Districts

In the 1992 Session, the Legislature passed PA 184 which creates a two-tiered structure consisting of (1) a tourism office in the Department of Economic Development with an 11-member council and (2) 11 regional districts covering the entire state, established as of 7/1/93. It also establishes a special nonlapsing fund to finance tourism promotion and award challenge grants. The fund is supported by a \$1 surcharge on passenger motor vehicles rented or leased for less than 30 days.

The tourism districts are funded by allocating a portion of the 12% Sales Tax paid on hotel and motel room rentals based on the population of towns in the district. The district keeps 1.5% of the tax collected in towns under 65,000, 3.5% in towns between 65,000 and 75,000, and 4.5% in towns over 75,000. An exception is made for towns under 65,000 which the state tourism office determines has the most popular tourist attraction in the state. The district in which this town is located can keep 3.5% of the tax collected in that town.

The act requires the convention and coliseum authorities to receive a portion of the lodgings tax revenue returned to their respective tourism districts. The Hartford-based Connecticut Convention Center Authority receives all of the revenues generated in Hartford, while the New Haven Coliseum Authority, the Norwalk Maritime Center Authority and the Stamford Colisuem Authority receive 75%.

The new districts are:

Greater Fairfield: Bridgeport, Darien, Easton, Fairfield, Greenwich, Monroe, New Caanan, Norwalk, Stamford, Stratford, Weston, Westport and Wilton

Greater Waterbury: Beacon Falls, Middlebury, Naugatuck, Oxford, Seymour, Thomaston, Waterbury, Watertown and Wolcott

Greater New Haven: Ansonia, Bethany, Derby, East Haven, Hamden, Milford, New Haven, North Branford, North Haven, Orange, Prospect, Shelton, Trumbull, West Haven and Woodbridge

Connecticut Valley: Branford, Chester, Clinton, Cromwell, Deep River, Durham, East Haddam, East Hampton, Essex, Guilford, Haddam, Killingworth, Madison, Meriden, Middlefield, Middletown, Old Saybrook, Portland, Vallingford and Westbrook

Southeastern Connecticut: Bozrah, Colchester, East Lyme, Franklin, Griswold, Groton, Ledyard, Lisbon, Lyme, Montville, New London, North Stonington, Norwich, Old Lyme, Preston, Salem, Sprague, Stonington, Voluntown and Waterford

<u>Litchfield Hills:</u> Barkhamsted, Bethlehem, Bristol, Caanan, Colebrook, Cornwall, Goshen, Hartland, Harwinton, Kent, Litchfield, Morris, New Hartford, New Milford, Norfolk, North Caanan, Plymouth, Roxbury, Salisbury, Sharon, Southbury, Torrington, Warren, Washington, Winchester and Woodbury

Central Connecticut: Berlin, Cheshire, New Britian, Plainville and Southington

Greater Hartford: Andover, Avon, Bolton, Burlington, Canton, East Hartford, Ellington, Farmington, Glastonbury, Hartford, Hebron, Manchester, Marlborough, Newington, Rocky Hill, Simsbury, South Windsor, Vernon, Tolland, West Hartford and Wethersfield

Northeast Connecticut: Ashford, Brooklyn, Canterbury, Chaplin, Columbia, Coventry, Eastford, Hampton, Killingly, Lebanon, Mansfield, Plainfield, Pomfret, Putnam, Scotland, Sterling, Thompson, Union, Willington, Windham and Woodstock

Housatonic Valley: Bethel, Bridgewater, Brookfield, Danbury, New Fairfield, Newtown, Redding, Ridgefield and Sherman

Tobacco Valley: Bloomfield, East Granby, East Windsor, Enfield, Granby, Somers, Stafford, Suffield, Windsor and Windsor Locks

Convention and Visitors Commissions and Coliseum Authorities

Any municipality (C.G.S. 7-136b) that has established a:

- 1. convention and visitors commission,
- coliseum authority or
- 3. municipal district

may elect to receive funding under either of the following alternatives:

- 50% of the state tax receipts collected on admission tickets for events in a municipally-owned facility or
- 2a. 1.5% of the sales taxes paid on hotel and motel room rentals in any district or
 - b. 4.5% of the sales tax receipts paid on hotel and motel room rentals in any municipality.

It should be noted that alternative 2a and b above is only available to a municipality or a municipal district with a population of 85,000 or more. Additionally, in the case of municipal districts, member towns must have population of under 85,000.

LEGISLATIVE HISTORY:

PA 74-337 enabled municipalities of any size to establish a Visitor and Convention Commission. To support the activities, the municipalities would receive one-half of the amusement tax collected from events held at municipally-owned facilities.

PA 78-376 added an alternative source of funding for the Commissions in municipalities with a population of at least 85,000. These commissions could opt to receive 4.5% of the gross receipts from lodging within the municipality.

PA 81-417 allowed municipal districts to form Commissions. If the district had a population in excess of 85,000 then the Commission could opt to receive 4.5% of the gross receipts from lodging within the district.

PA 82-319 prohibited a municipality with a population of 85,000 or more from joining a municipal district for purposes of forming a Commission. In addition, the act reduced the percentage of lodging receipts that a district could receive from 4.5% to 1.5%, but continued to allow municipalities over 85,000 to receive 4.5%.

DESCRIPTION OF PROPERTY TAX RELIEF PROGRAMS FOR THE ELDERLY AND DISABLED

The state provides two programs of local property tax relief for the elderly: the tax freeze program and the circuit breaker program for homeowners and renters.

The circuit breaker program which is also available to disabled of any age provides a property tax credit to homeowners and a grant to renters. The state reimburses towns for the tax credit given to homeowners.

The tax freeze program caps a participant's tax benefit to the amount received for the 1985 assessment year for individuals that received \$2,000 or more in the assessment year commencing 10/1/85. If the tax benefit for the assessment year beginning 10/1/85 was less than \$2,000 it will never exceed the \$2,000 amount in any subsequent year.

Tax Freeze Program

Description:

a. This program is mandated by the State.

b. It provides a qualified homeowner a freeze on both the assessed value (minus \$1,000) and on the mill rate.

c. The municipal tax exemption is reimbursed by the state.

Eligibility:

a. Homeowner must be 65 years of age or over, or the spouse who is living with him/her must be 65 or over.

b. A surviving spouse over 50 is eligible.

- c. The applicant must occupy the real property as his/her principal place of residence and must have resided in the state for one year before filing a claim.
- d. Qualifying income limit is @\$6,000 adjusted gross income plus tax exempt interest (but excluding Social Security or Railroad Retirement Income).

Application:

- a. Closed. This grant is available only to elderly persons who applied prior to May 15, 1980.
- b. Reapplication is required every two years.

Circuit Breaker Program

1. Homeowners:

Description: Homeowners receive a tax credit against their real property tax. The amount of the credit varies inversely with income.

Eligibility:

- a. A homeowner must be 65 years of age or over, or the spouse who is living with him/her must be 65 or over, or be under 65 but eligible for permanent total disability benefits under Social Security requirements or a comparable program.
- b. A surviving spouse over 50 is eligible.

- c. The applicant must occupy the real property as his/her principal place of residence and must have resided in the state for one year before filing a claim.
- d. Have qualifying income for the previous year of not more than \$20,100 for unmarried individuals or if married joint income of not more than \$24,700 for homeowners filing between February 1, and May 15, 1993. (Qualifying income is defined as federal adjusted gross income plus social security income and other income not included in federal adjusted gross income. Qualifying income will be adjusted by October 1 of each year to reflect the Social Security inflation adjustment.)

Application: The deadline is May 15 and reapplication is required every two years.

Property tax credit amount is equal to a specified percentage of property tax up to the maximum amount shown on the table below.

2. Renters:

Description: Renters are entitled to a state grant based on the percent considered to be paid toward property taxes.

Eligibility: Same as for homeowner.

Application: Renters must apply between May 15 and September 15.

Grant amount is equal to 35% of the total of all charges for rent, electricity gas, water and fuel used during the preceding calendar year less 5% of qualifying income, up to the maximum amount shown in the table below for renters.

Resident of a Continuing Care Community:

Description: The program is open to residents of continuing care communities only if a residents contract: (1) does not confer any ownership interest in the complex or dwelling unit or (2) is not a lease. Residents are entitled to a state grant equal to the product of the portion of the assessed value of the entire complex that is attributable to the dwelling unit and the town's mill rate.

Eligibility: Same as for homeowners.

Application: Residents must apply to municipal assessors between February 1, and May 15.

Grant amount is equal to a specified percentage of property tax (see Residents chart below).

The schedules on the following page indicate the maximum amount of payment individuals may be eligible for under these programs for FY 1993-94. The tables are based on a sliding scales, in which benefits decrease as income increases.

LOCAL OPTION PROPERTY TAX RELIEF FOR THE ELDERLY

The local option property tax relief for the elderly program was established in 1973 by P.A. 73-628. The program allows municipalities upon vote of its legislative body on recommendation of its board of finance or equivalent body to provide property tax relief for elderly homeowners.

Prior to approval by the legislative body, the executive authority of the town must appoint a committee of not less than five resident taxpayers to study and report within 60 days the fiscal effect of the relief on the property tax revenue of the town and recommendations on the form and extent of such relief. After initial approval of the relief by the legislative body, any changes may be made by vote of the legislative body without appointment of a study committee. The total abatement of property tax revenue cannot exceed 10 per cent of the total real property tax assessed in the preceding tax year.

The property tax relief for a principal residence may be provided to any resident who:

- (1) is 65 years of age or over, or has a spouse, age 65 or over living in the household, or is a surviving spouse, age 60 or over;
- (2) has been a taxpayer in the town for one year immediately preceding receipt of tax benefits; and
- (3) meets any income criteria which the town may have adopted.

prior to October 1, 1987, the total amount of tax relief was limited to 75% of the total due. Commmencing with the October 1, 1987 assessment year, PA 87-116 expanded the allowable tax relief to 100% provided that when total tax relief exceeds 75% of the tax due, the town must file a lien against the property and charge interest, at a rate determined by the town.

It should be noted that the local option elderly homeowner tax relief benefits program was extended by PA 87-91 to permanently and totally disabled persons, regardless of age commencing with the October 1, 1987 assessment year.

VETERAN'S PROPERTY TAX EXEMPTION

The veteran's local property tax exemptions were increased by PA 85-573. Beginning with the 1985 assessment year veterans whose gross income is below certain limits are entitled to an additional exemption equal to twice the amount of the basic exemption they have been receiving. In addition, persons eligible for the basic exemption, but who do not meet the income requirements, are entitled to an additional exemption equal to one-half of the base exemption (see Veteran's Exemption Chart). Beginning with the 1989 assessment year and following the completion and implementation of a revaluation, Public Act 88-342 requires veterans' exemptions to be increased by a rate equal to the increase in the grand list following revaluation.

Reimbursement: Towns continue to bear the cost of the original or basic exemption. The State reimburses towns for any additional tax loss associated with the additional exemptions.

Eligibility for Basic Exemption:

In order to qualify for one of the basic veteran's exemptions (as described under Section 12-81 subsections (19) through (26) of the C.G.S.) a veteran's Honorable Discharge must be filed in the Town Clerk's Office on or before September 30.

Appeals Board for Property Valuation

PA 87-404 created a Connecticut Property Valuation Appeals Board to review local tax review boards' decisions relating to assessments in place of the courts. However the state Appeals Board's decisions may be appealed in court. PA 89-231 (1) reduced the membership of the Appeals Board from five to three, (2) delayed the Board's appointment from 1989 to 1991, and (3) delayed appeals the Board can act upon from those based on 1988 grand lists to those based on 1990 lists. PA 90-266, PA 92-254 and PA 93-95 delayed the appointments to 1994 and delays appeals to the Board to the 1993 Grand List. In keeping with this delay, the act extends the procedure for appeals to Superior Court, which was to have ended with appeals from 1989 grand lists. It also makes the Office of Policy and Management responsible for the Board's administrative requirements.

Beginning with the October 1, 1995 assessment list any taxpayer aggrieved by a decision made by the local tax review board may, within two months, seek an appeal with the state Appeals Board.

Appeal Procedure

Anyone aggrieved by a local tax review board's decision may seek an Appeals Board review (i.e. either a property owner or a municipality) within two months by filing a request and paying a \$50 fee. Upon receipt of an appeal, the Appeals Board must send the date of the hearing by certified mail to the petitioner, the local board of tax review and other parties. This notice must be given at least 21 days prior to the hearing.

The Appeals Board review is not limited to the issues or evidence presented to the local tax review board. Additionally, the Board may assign a single member to conduct hearings for appeals involving any property with an assessed value of less than \$350,000. However the findings must be submitted for consideration by the entire Board.

The Appeals Board must issue a decision affirming, modifying, or reversing the local tax review board's action within 90 days after the hearing and must send copies by certified mail to the appealing party and the local board of tax review. The decision must include the Appeal Board's factual findings and legal conclusions. Parties aggrieved by the decision of the state review board may appeal legal questions within 20 days (in accordance with the Uniform Administrative Procedures Act) and findings within two months directly to the court.

Board Membership

The Appeals Board is composed of three members appointed by the governor with the approval of the legislature. No more than two members may be from the governor's political party. Two members constitute a quorum.

Except for the chairman, each member must have at least 10 years of experience in appraising or assessing real or personal property and must have attained the immediately preceding three years experience primarily in Connecticut. The chairman must be a licensed Connecticut attorney with at least 10 years of law practice. Board members serve full time. Between January 1 and March 1, 1996, the governor must appoint two board members to serve six years and one to serve four years.

Property Taxation of Farm, Forest and Open Space Land

Enacted in 1963, PA 490 (C.G.S. 12-107a-107c) represents the state's policy of preserving farm, forest, and open space land by preferential taxation by allowing such land to be assessed for tax purposes according to its current use as opposed to its market value. In an attempt to prevent abuse and to help recover abated taxes, a declining conveyance tax was placed on sales occuring during the first ten years.

The classification of land as farm land and forest land is made by the town assessor and the state forester respectively following the submission of a written request from the property owners. The municipal planning commission, in preparing a development plan, may designate areas as open space. The legislative body of the municipality must approve the designation by a majority vote.

For purposes of classification farm land means any tract of land, including woodland and wasteland, constituting a farm unit. Forest land is any tract of land of at least 25 acres or more in an area bearing tree growth. Open Space land means any area of land including forest lands and designated wetlands, the preservation of which would:

- 1. Maintain and enhance the conservation of natural or scenic resources
- 2. Protect natural streams or water supply
- 3. Promote conservation of soils, wetlands, beaches or tidal marshes
- 4. Enhance the value to the public of abutting or neighboring parks, forests, etc.
- 5. Enhance public recreation opportunities
- 6. Preserve historic sites or
- 7. Promote orderly urban or suburban development

Conveyance taxes are levied on the sale of land which has been classified by the owner as farm, forest or open space as follows:

Land classified as Open Space:

MOBILE MANUFACTURED HOMES RECENT LEGISLATION AFFECTING TAXATION

PA 85-512

From October 1, 1985 to June 30, 1986:

- 1. The sale of 'New' mobile manufactured homes (MMH) 12 feet wide or wider is subject to the sales tax. For purposes of the sales tax, a mobile manufactured home means a home at least twelve feet wide, which cannot proceed under its own power, which is towed or placed on flatbed trucks to be taken to its destination and which requires a limited duration over-size load permit in order to be transported on the highways.
- 2. The "Resale' of MMH located in licensed mobile home parks or on a single family lot is subject to the real estate conveyance tax.

PA 86-310

The provisions of PA 85-512 regarding the imposition of sales tax on new MMH and the imposition of the real estate conveyance tax on the sale of used MMH is made permanent with the following modification: The sales tax on a new MMH applies to 70% of the selling price of a new MMH sold by the manufacturer.

PA 310 also made a number of other tax related changes as follows:

1. A uniform procudure for towns to assess and tax mobile homes is established. Beginning with the 10/1/86 grand list MMH occupied as residences and conencted to utilities must be assessed as residential real property (i.e., assessed at 70% of true market value). Under certain conditions (see phase-in below) the assessed value may be phased-in over a 5 year period. Prior to this act, there was no uniform statewide procedure for assessing mobile homes and assessors could tax mobile homes as either real or personal property.

Phase-in: The act phases in any increase in the assessed value of mobile homes when, (1) mobile homes are assessed as real property for the first time on or after 10/1/86 and (2) where the assessment results in a tax increase of over 25%. The phase-in occurs over a 5 year period, with 20% of the increased assessment being phased-in on the 10/1/86 grand list and 20% in each of the next four assessment years.

- 2. The act eliminated the authority of a town to charge a mobile home owner a monthly fee in lieu of the property tax.
- 3. The act renames a 'Mobile Home' a 'Mobile Manufactured Home' and changes the definition with regard to property taxation. A Mobile Manufactured Home is defined as: (1) a detached residential unit having three-dimensional components which are intrinsically mobile, with or without a wheel chasses, or (2) a detached unit built after 6/15/76 in accordance with federal standards. In either case, the home must have sleeping accommodations, electrical connections and be designed for long-term occupance. As under existing law, a home must have running water, bathing facilities, and a flush toilet.
- PA 87-447 (as amended by PA 87-589)
 PA 87-447 was amended to allow towns, by ordinance, to tax mobile manufactured homes as personal property instead of real property, from 10/1/86 until the first sale of the home. Mobile homes must be taxed as real property on the first assessment date following the first sale. First sale does not include conveyance to an owner's spouse, his sibling who resides in the unit being sold, or an owner who uses the sale proceeds to purchase a mobile home and place it on the same leasehold site as the exsiting home.

MUNICIPAL PROPERTY TAX EXEMPTIONS

The following property is exempt from taxation: (C.G.S. Section 12-81)

- 1) Property of the United States.
- 2) State property, reservation land held in trust by the state for an Indian tribe

- 3) County property.4) Municipal property.5) Property held by trustees for public purposes.
- 6) Property of volunteer fire companies and property for public use.
- 7) Property used for scientific, educational, literary, historical or charitable purposes.
- College property.
- Personal property loaned to tax-exempt educational institutions.
- 10) Property belonging to agricultural or horticultural societies.
- 11) Property held for cemetery use.
- 12) Personal property of religious organizations devoted to religious or charitable use.
- 13) Houses of religious worship.
- 14) Property of religious organizations used for certain purposes.
- 15) Houses used by officiating clergymen as dwellings.
- 16) Hospitals and sanatoriums.
- 17) Blind persons.
- 18) Property of veterans' organizations.
 - (a) Property of bona fide war veterans' organization.
 - (b) Property of the Grand Army of the Republic.
- Veteran's exemptions.
- Servicemen and veterans having disability ratings.
- 21) Disabled veterans with severe disability.
 - (a) Disabilities.
 - (b) Exemptions hereunder additional to others. Surviving spouse's rights.
 - (c) Municipal option to allow total exemption for residence with respect to which veteran has received assistance for special housing under Title 38 of United States Code.
- 22) Surviving spouse or minor child of servicemen and veterans.
- 23) Serviceman's surviving spouse receiving federal benefits.
- 24) Surviving spouse and minor child of veteran receiving compensation from Veteran's Administration.
- 25) Surviving parent of deceased serviceman or veteran.
- 26) Parents of veterans.
- Property of grand army posts.
- 28) Property of United States army instructors.
- 29) Property of American National Red Cross.
- 30) Fuel and provisions.
- Household furniture.
- 32) Private libraries.
- 33) Musical instruments.
- 34) Watches and jewelry.
- Wearing apparel.
- 36) Commercial fishing apparatus.
- 37) Mechanic's tools.
- 38) Farming tools.
- 39) Farm produce.
- 40) Sheep, goats and swine.
- 41) Dairy and beef cattle and oxen.
- 42) Poultry.
- 43) Cash.
- 44) Nursery products.
- 45) Property of units of Connecticut National Guard.
- 46) Watercraft owned by nonresident.

47) Carriages, wagons and bicycles.

48) Airport improvements.

49) Nonprofit camps or recreational facilities for charitable purposes.

50) Exemption of manufacturers' inventories.

51) Water pollution control structures and equipment exempt.

52) Structures and equipment for air pollution control.

53) Motor vehicle of serviceman.

54) Wholesale and retail business inventory.

55) Property of totally disabled persons.

56) Solar energy systems.

57) Solar energy generating systems.

- 58) Property leased to a charitable, religious or nonprofit organization.
- 59) Manufacturing facility in a distressed municipality or a targeted investment community.
- 60) Machinery and equipment in a manufacturing facility in a distressed municipality or a targeted investment community.

61) Vessels used primarily for commercial fishing.

62) Passive solar energy systems.

63) Solar energy electricity generating and cogeneration systems.

64) Vessels.

65) Vanpool vehicles.

66) Motor vehicles leased to state agencies.

67) Beach property belonging to or held in trust for cities.

68) Any livestock used in farming or any horse or pony assessed at less than \$1,000.

69) Property of the Metropolitan Transportation Authority.

70) Manufacturing and equipment acquired as part of the technological upgrading of a manufacturing process in a distressed municipality or a targeted investment community.

71) Any motor vehicle owned by a member of an indigenous Indian tribe or their spouse, and garaged on the reservation of the tribe (PA 89-368).

- 72) New machinery and equipment (acquired after 10/1/91) and newly-acquired machinery and equipment (acquired after 7/1/92) applicable only in the four full assessment years following acquisition (PA 90-270 and PA 92-193).
- 73) Temporary structures used in seasonal agricultural production, including hoop houses, poly houses, high tunnels, overwintering structures and shade houses (PA 91-257)

Section 12-91 exempts farm machinery valued at less than \$100,000 and horses or ponies used exclusively in farming. To qualify for this exemption, PA 92-64 requires that a person have at least \$15,000 in gross sales or incur at least \$15,000 in expenses from farming during the most recently completed tax year.

PA 89-251 amended C.G.S. Section 12-71 (which describes personal property subject to taxation) by excluding computer software except when included in the purchase price of computer hardware.

The Connecticut General Drift Indicator

The Caldwell, Beauregard & Associates Connecticut General Drift Indicator (GDI) is designed to track the direction, magnitude and duration of economic activity in the State. Components of the CT GDI include Nonagricultural and Manufacturing Employment and Average Weekly Hours, Personal Income, Unemployment Level and Building Permits. The CT GDI, shown as a dark solid line, indicates with a high coincidence the start and end of recessionary periods for the State.

The highlighted areas on the chart show the beginning and end of recessionary periods. The lighter grey shading represents Connecticut's recessions and the medium shading represents national recessions. The darkest shading indicates overlap of the two recessions, US and CT, or concurrent recessions. Concurrent recessions occur when both the State and the nation are experiencing a recession or downturn in economic activity.

Historically, Connecticut has lagged the nation in the onset of its recessions and has had shorter recessionary periods. For example, in late 1973 the nation began a recession which lasted for 16 months. Connecticut's recession for this period began 10 months later and only lasted for 11 months.

This historical relationship has been reversed in the current recession: Connecticut went into recession almost two years before the nation. The US recession officially ended in March 1991, lasting only 8 months, while Connecticut has yet to see end.
